

## New Student Information Sheet Dual Enrollment @ CCPS Fall 2020

### When is Orientation?

All new students should attend New Student Orientation to learn more about the college, activities, resources, technology, coursework and expectations. Because of COVID-19, all of our New Student Orientation sessions will be held remotely through Microsoft Teams. Our program will be broken down into multiple mini sessions through August 17-20 and August 24-27. Please register for Orientation at [www.carrollcc.edu/orientation](http://www.carrollcc.edu/orientation).

### How do I get my textbooks?

### College Account (Go to [My Carroll](#) on the Carroll Community College Web page)

Set-up your new Carroll account now. You can find the link in the personal email you used when you applied. Set-up the account and it will give you access to:

- **College Email in Outlook:** All college information is sent here (not your personal account). Start checking frequently for important college information.
- **Canvas:** Online class portals used to supplement every class. You will have access to this one week before your classes begin. Your instructors communicate with you to post important class information, including grades and your syllabus. You must have your Carroll account (and email) set-up to log-in to any class.
- **Office 365:** Microsoft Office (Word, Outlook, Power point and Excel) is available to download at no cost.
- **Lynx Student Portal:** This is where you find links to all of your personal, academic and financial information. This allows you to pay tuition or set up a payment plan, and make an appointment with your advisor for future class planning and registration.
