Summer Programs for ages 3 – 15
Nearly 200 half-day and full-day programs to choose from at Carroll Community College!

June 25 – August 17, 2018
What is the deadline for signing up for camp?
You can sign up as long as there is space available up until the Friday before the session starts. If the camp you want is full, we are happy to add you to our waitlist. You will be called if we have an opening. There is no cost to join a waitlist, and no obligation to sign up once you’re on it. Your best chance is to sign up early for our popular camps. Full payment is due at the time of registration.

Each camper must be signed up individually with their own unique student ID number.

Is before and after care available? How about lunch?
Yes! For campers aged 6 – 15, our Start-Up Time opens at 7:30 a.m. and is a supervised, unstructured playtime until camp gets started. Wind-Down Time is open until 6 p.m. and is a supervised, unstructured playtime. You can add Start-Up or Wind-Down at any time for one low price.

We offer supervised lunch and recess time at no charge for those campers signed up for both a morning AND afternoon session on the same day.

What if I need full-day camp?
Build your camp week with combinations of morning and afternoon camps that include a free supervised lunch and recess! Add Start-Up to a morning camp or Wind-Down to an afternoon camp to fit your schedule. (Lunch is not available for our half-day campers.)

Will I receive a refund if my child can’t come to camp?
If your child cannot attend a program and the College is notified at least 10 business days before it begins, we will issue a full refund. For notification with less than 10 business days, we will be happy to provide a refund less the camp fees which cover the cost of pre-purchased materials and non-refundable commitments to partners. No refunds are given once a camp begins.

The College expects all programs to be presented as scheduled. However, a program could be cancelled due to insufficient enrollment. A decision about cancellation is made approximately 2 weeks before the start date of the camp. You will be notified via email. In the event that a program is cancelled, every effort will be made to either place your child in another program of his/her interest or provide a full refund.

Do I have to fill out a new Health & Emergency Contact Form every year?
Yes. A current Health & Emergency Contact Form is required for each participating child at least 2 weeks BEFORE the first day of his/her camp. A new form must be completed each year in order for your child to participate in camp.

What’s your tax ID number? How do I get a receipt?
Our tax ID number is: 52-1806-923.

For a receipt for your payment, please contact our Business Office at 410-386-8040.

How will I know if my camp is cancelled?
We send important camp messages including schedule changes and cancellations via email. We need a valid email address for you. Please add cet@carrollcc.edu to your contact list.

Cost, Fees and Confirmations

Pay the course cost as shown with the course description. Residents of counties other than Carroll and states outside of Maryland must pay an additional fee as shown on the Registration Form. Non-US citizens pay course cost plus $10 (fee waived with copy of appropriate Visa).

A Parent Handbook and camp confirmation will be mailed to the families of all registered students beginning in April. The confirmation will show the camp(s) your child is registered for plus important information pertinent to the Kids@Carroll and Teen College programs including Drop-Off and Pick-Up instructions for the Carroll County Career and Technology Center. Be sure to review the Handbook so that the first day of camp goes smoothly for you and your child.

Drop-Off

Campers held on campus:

All campers (except those attending camps at the Carroll County Career & Technology Center) will gather in the College’s gym in the Fitness building at the beginning of camp and will be escorted to their classroom by their teacher. The exceptions are for those attending camps at the Carroll County Career & Technology Center (see instructions below).

Do not drop your child off without observing that he/she has been greeted by a staff member. If you are late, you will drop off your child in the Continuing Education office, room A115. Instructors may not accept campers directly in the classroom.

Camps at Carroll County Career and Technology Center:

For camps at this location, go directly to Carroll County Career and Technology Center. Camp staff will direct and/or walk your camper to the appropriate classroom. If your child is registered for Start-Up Time, Wind-Down Time or is attending all day, the College will automatically transport your child to and from Carroll County Career and Technology Center. Please review the detailed Instructions included in the Parent Handbook.

We cannot supervise your child before 8:45 a.m. in any location unless he/she is registered for the Start-Up service. We cannot supervise afternoon participants in any location before 1 p.m.

Children attending full-day or both morning and afternoon programs will be automatically supervised from noon to 1:15 p.m. for lunch.

Pick-Up

Camps held on campus:

Pick up your child from the gym at either NOON or 4:15 p.m. Campers will only be released to authorized adults listed on the Health & Emergency Contact Form who sign the attendance form. It is important that your child is picked up promptly. With parent/guardian permission, teens age 13 and older may sign themselves out (see Parent Handbook for procedure and permission form).

We cannot supervise campers after 4:30 p.m. unless they are registered for the Wind-Down service. We cannot supervise morning students after 12:15 p.m. unless they are in camp all day.

Camps at Carroll County Career and Technology Center:

For camps at this location, pick up your child directly from the curb site at Carroll County Career and Technology Center. If your child is registered for Start-Up Time, Wind-Down Time or is attending all day, the College will transport your child to and from Carroll County Career and Technology Center in the College van. Please review the more detailed instructions that are included in your confirmation packet.

Early Pick-Up:

If you need to pick up your child early, please inform College staff with the proper form at the time of drop-off or call Continuing Education at 410-386-8100 so you can complete an Early Pick-Up Form. You will pick up your child from the Continuing Education office, room A115. Instructors may not release campers directly from the classroom.

Lunch and Snacks

Light snacks (popcorn, pretzels, crackers, apples, cookies and water) are provided for both morning and afternoon programs. Occasionally ice pops, brownies or ice cream are provided. Students will not be given the opportunity to purchase snacks from the vending machines; however, they may bring snacks from home that do not need refrigeration. Some programs may include special snacks.

Students attending either full-day programs or both morning and afternoon programs should bring a lunch and a drink (that do not need refrigeration) each day. Teens aged 12 – 15 may purchase lunch from the café, but not the Starbucks kiosk. Supervision during lunch is automatic for students participating in full-day programs or in both morning and afternoon courses. There is no additional charge for this service. Children attending only one half-day camp are not eligible for lunch supervision services.

Field Trips

Some programs include a field trip. Either buses or the College van will be used to transport the campers and adequate adult supervision, as required by COMAR Day Camp Regulations, will be provided. Parents/guardians will be asked to sign a permission form for each trip. Students without a signed permission slip will not be allowed to attend the trip.
Refunds
If your child cannot attend a program and the College is notified at least 10 business days before it begins, we will issue a full refund. For notification with less than ten business days, we will be happy to provide a refund less the camp fees which cover the cost of pre-purchased materials and non-refundable commitments to Partners.

No refunds are given once a camp begins.

The College expects all programs to be presented as scheduled. However, a program could be cancelled due to insufficient enrollment. A decision about cancellation is made 2 weeks before the start date of the camp. You will be contacted by email of cancellations. In the event that a program is cancelled, every effort will be made to either place your child in another program of his/her interest or provide a full refund.

Emergencies and Special Needs
Health & Emergency Contact Form
A current Health & Emergency Contact form is required for each participating child two weeks BEFORE the first day of his/her camp registration. A new form must be completed each year. Without this completed form on the first day of the program, your child will not be able to participate. Use the form in the back of this Schedule or access it online at carrollcc.edu/summerkids.

Emergencies
If an emergency occurs, appropriate medical attention will be administered and the person designated on the form will be contacted immediately. A nurse will be on call during the program hours and a person authorized to administer selected medications and first aid is on duty, as long as all requested information is received. The Parent Handbook includes instructions about medication required during the program hours.

Special Needs
SummerKids@Carroll + Teen College is committed to providing accessible education and a supportive learning environment for all students. To help us meet this goal, after you have registered, please contact our Disability Support Services (410-386-8329) at least four weeks before the start of the earliest camp to inform the College of any physical disabilities or behavioral/social challenges your child has and to arrange for reasonable accommodations. A staff member will contact you to discuss your child’s individual needs and determine what reasonable accommodations can be made. Carroll Community College does not provide medical assistants or personal care attendants. Campers are expected to exhibit independence and ability for self-care. Parents are not permitted to attend camp with their child.

Emergency Notification System
It is recommended that you register for the College’s free Emergency Notification System. Messages about any emergency closings will be sent directly to your email or cell phone. To register go to carrollcc.edu/alerts.

Kids@Carroll/Teen College Instructors & Partners
Kids@Carroll/Teen College instructors and partners are enthusiastic, creative, knowledgeable and passionate about working with children and have proven track records for kid satisfaction. All staff and instructors have had appropriate background checks in accordance with Department of Health and Mental Hygiene regulations. Learn more about the instructors and partners by going to carrollcc.edu/summerkids.

Summer!Kids@Carroll/Teen College complies with licensure requirements of the Maryland Department of Health and Mental Hygiene.

Start-Up and Wind-Down Time

Informed Consent/Assumption of Risk

I have registered my child for Summer Kids@Carroll classes sponsored by Carroll Community College. I understand that participation in this activity/course involves inherent risks of injury, and that the nature of the risks may vary depending upon the type of activity, instructor, and my child’s physical condition and conduct. I acknowledge that I will either ask for or have been given any information that I need to determine the general risks associated with this camp and its activities. I agree that my child will follow advised precautions and conform to all rules and policies of the department, instructor, and any other sponsor of this course/activity.

I voluntarily assume all risks of loss, damage, illness, or injury which my child may sustain while participating in this camp and its activities, including travel and usage of any equipment or facilities. I will make no claim against and do hereby fully and unconditionally, forever release, waive, discharge, hold harmless and indemnify, on behalf of myself (my child), my personal representatives and my heirs, Carroll Community College and its Board of Trustees, officers, agents, and employees from any and all claims and causes of action for any injury or loss, or for damages, costs, expenses, or compensation that may occur during or result from my child’s participation in this camp and its activities, whether arising through the negligence, omission, default, or other action of any person or event associated with this course or event, including fellow participants.

I have read and understand the above information. I give my permission for my child to participate in this camp and its activities and grant the same informed consent, assumption of risk, and release for myself (for my child), estate, successors, and assigns, and the child’s family.
