I started the Automotive Technician certificate program in late September 2022 and finished it on April 3, 2023. I completed three component classes during this time: brake systems, electrical systems, and steering & suspension. These courses helped me get my job as a full-time automotive technician at a local dealership. I loved the environment in school and the instructor, Anthony Brady, was amazing at breaking down concepts and how things work. He helped me get where I am now because he instilled confidence in me and pushed me to continue pursuing a career. I am very thankful for having met him and getting to learn under him during the course of my Automotive Technician classes.

LEADERSHIP FOR THIS NEW WORLD SERIES

Leaders at every level of an organization are finding themselves in uncharted territory, which makes this both a scary and exciting time to be a leader! This is an excellent opportunity for individuals to add new valuable skills to the ones they already have. This unique learning experience, delivered through a series of 90-minute virtual “micro-learning” segments within three individual courses, explores best practices of leadership and enables you to lead yourself and others today and beyond.

The Self-Aware Leader

In study after study, real-life example after real-life example, it has been shown that the foundation of successful leadership is self-awareness. Gain increased clarity on why you choose to lead, review what’s required of a leader in today’s demanding world and develop your personal leadership brand.

Building Safety and Trust

Leadership begins within by understanding who you are and why you want to lead. Then it’s all about moving outwards, and the first step is creating an environment where people can thrive and be their best selves. A leader’s most important job is to build a culture of safety and trust. It’s not magic, but rather about paying attention to the small behaviors every day and being intentional about how you communicate. Get this right and it is so much easier to move forward into the subsequent challenges of developing vision, strategy, systems and processes.

Focus, Resilience & Essentialism

Once a leader is clear on their “why” and as they are building a safe and trusting environment, the most effective and inspiring leaders invite others in to help define vision and develop operational readiness. Interestingly, it’s not about getting buy-in, but about getting input so that everyone on the team has a feeling of being involved. Look at strategic planning in today’s VUCA (Volatile, Uncertain, Complex, Ambiguous) world, and how it puts emphasis on flexibility and iterative practices. Finally, look at what it means to practice essentialism and how being intentional with your time helps everyone stay focused on the most important activities, thereby achieving mission and reducing scope creep.

NEW! English for Registered Behavior Technicians

NO COST!
Bilingual RBTs are in demand! Students who wish to become RBTs and who have a first language other than English can learn the specialized English needed to successfully complete the RBT training. Offered in partnership with our Adult Education program.
For complete course details, see page 55.

The RBT class was very informative and I learned a lot of information that could be used for more than just ABA therapy. Holly was such a great teacher and made the class interesting! She did a great job of making the information easy to understand and is very knowledgeable about the subject so she was able to provide many real life examples. I’m now employed as a Registered Behavior Technician. I would recommend this class to anyone who is interested in getting into the behavioral health field.

MEDICAL ASSISTANT

Certified Clinical Medical Assistant Orientation Session
This required orientation prepares students for the certified medical medical assistant training program. Topics include registration into the National Healthcare Association’s website, how to navigate, and an overall review of the program. This course includes a clinical component. The clinical sites require that you’ve received a COVID-19 vaccine. If you received a COVID-19 vaccine in the past, you have met this requirement. You are not required to get a booster. As of April 18, 2023, the original Pfizer-BioNTech and Moderna COVID-19 vaccines are no longer authorized for use by the FDA in the United States. Therefore, updated Pfizer-BioNTech and Moderna COVID-19 vaccines are being used for all age groups. If you did not receive a COVID-19 vaccine previously, you will need to receive one of the updated vaccines. If you do not meet either of these vaccination requirements, regardless of your age, Carroll Community College cannot guarantee you will be permitted in the clinical setting. Please note, if you register for this course, but cannot attend clinicals due to your vaccination status, a refund will not be issued. You must also provide written documentation of MMR and Varicella immunity, negative TB test or chest x-ray within the last 6 months, Hepatitis B immunity or waiver, current flu vaccine, and Tdap vaccine in the last 10 years. Students may be required to wear a surgical mask or a fit tested N95 mask or equivalent mask while in the clinical setting. No facial hair, which interferes with the seal of the mask is permitted. Fit testing and N95 mask will be provided to you by the College.

CERTIFIED NURSING ASSISTANT
Prerequisites: All three must be completed before starting CNA Part 1.
- AHE-257 CNA Preparation
- AHE-315 BLS Provider or current AHA BLS Provider CPR card
- Students must take the College’s reading placement test no later than one week before the first session of CNA Part 1. Placement testing can be scheduled by calling the Admissions Office at 410-386-8430. Identify yourself as a Continuing Education student and indicate you are registering for the CNA training program. In lieu of placement testing you may provide a copy of your college degree or a college transcript documenting successful completion (C or above) of college level reading. You will be contacted with your test results and instructions regarding which sections to choose. If you are providing college transcripts, you will also be contacted. Please do not register for any of these classes until receiving this guidance.

CNA Preparation

Prepare for the challenges of becoming a Certified Nursing Assistant. Get the foundation you need to be successful in the classroom as well as the workplace. Sharpen your skills in taking measurements and basic math. Learn about communication, professionalism on the job and in the classroom, and teamwork. Other topics include resumes, application letters and how to prepare for interviews. This training program includes a clinical component. This clinical site requires that you’ve received an updated COVID-19 vaccine. If you received an original COVID-19 vaccine in the past, you are required to get an updated booster. As of April 18, 2023, the original Pfizer-BioNTech and Moderna COVID-19 vaccines are no longer authorized for use by the FDA in the United States. Therefore, updated Pfizer-BioNTech and Moderna COVID-19 vaccines are being used for all age groups. If you did not receive a COVID-19 vaccine previously, you will need to receive one of the updated vaccines. If you do not meet either of these vaccination requirements, regard-less of your age, Carroll Community College cannot guarantee you will be permitted in the clinical setting. Please note, if you register for this course, but cannot attend clinicals due to your vaccination status, a refund will not be issued. All students may be required to wear a Fit Tested N95 mask or equivalent mask while in the clinical setting. No facial hair, which interferes with the seal of the mask, is permitted. This N95 mask will be provided for you by the College.

“Before I found online ESOL classes at Carroll Community College, I was unable to communicate with anybody. Online ESOL classes helped me to familiarize myself with the English language and American culture at the same time. They gave me confidence and revealed a personality that my language barrier hid. Online ESOL classes helped me to improve my English and take care of my family at the same time because it’s online. I’m thankful to the wonderful group of teachers who are nice, patient and very dedicated.”

NEW! The Impending Crisis: The Road to Civil War

The Civil War lasted from 1861 to 1865 in the United States, but the tensions between the North and South dated to the very founding of the nation. What caused hostilities to finally explode? Examine the chain of events beginning with the Mexican-American War in 1846, which exacerbated the rift between North and South, culminating in the firing at Fort Sumter in April 1861. Examine the legal, political and social circumstances that seemed to lead the nation inevitably to Civil War.

NEW! Civil War - The March to Pennsylvania

The story of the battle of Gettysburg begins long before the actual battle breaks out and ends long after the smoke has cleared from the fields of Gettysburg. To understand the total situation of the campaign the class starts with the overall situation in May of 1863. We will look at the re-organization of both armies after the battle of Chancellorsville, and the political situation. Then we will examine the march by both armies to Gettysburg and the clashes they had up to June 30, 1863. Over 150,000 men were marching into Pennsylvania, and we will discuss the impact that they had on the area.

NEW! Discover Your Gift

Have you ever had periods in your life when you leaped out of bed in the morning to embrace your day? Once you lived that way, even for a few hours, you were never really satisfied with any other way of living, were you? We can’t live this way all the time, of course. Life doesn’t work that way. Sometimes we get into a dry spell. And maybe these dry spells are necessary for the vibrant days that follow. But what if we could live this way more often? Here is an experiment: Stop reading for a moment and ask yourself, Am I living fully right now? Am I digging down into my inner treasure trove of genius that sets me apart from everyone else and energizes me like nothing else? Do I still feel a calling in life and am I living it? If you’d like to explore your answers to these questions and discover, rediscover or renew that life force inside you, this class is for you.

Course Cost

- Carroll County residents: deduct $10 per course.
- Non-Carroll County Maryland residents: deduct $5 per course.
- Maryland residents, 60 years of age or older: pay fees only plus a $5 tuition cost if you are a non-Carroll County resident.
- Non-U.S. citizens: pay the course cost; with a copy of appropriate Visa on file, deduct $10 per course.

The College makes every effort to keep course costs low and comparable to costs of similar courses at other area community colleges.

Age Requirements

Anyone 16 or older may register on a first-come, first-served basis. Some career training may have higher minimum age requirements. Students under 16 may take non-credit courses listed for their age group through SummerKids@Carroll and Teen College. Some exceptions may apply for courses designed for families; eligibility will be indicated in the course description.

Tuition Waivers

Disability Waiver

Individuals with total and permanent disabilities may be eligible for tuition waivers for continuing education instruction designed to lead to employment, including life-skills instruction. The tuition waiver may be applied to courses listed in the Career and Professional Training section of this schedule (see Table of Contents).

Students must obtain a Certification for Tuition Waiver form (available on the College website under Costs & Aid, at the Cashier’s Office or by calling 410-386-8040) verifying total and permanent disability and receipt of disability or retirement benefits from the Social Security Administration, the Railroad Retirement Board, or from the individual’s federal retirement or pension authority. Students must register in person and submit the completed certification form.

Qualified students are responsible for paying all associated course costs.

Senior Adults

Maryland residents age 60 and over are exempt from paying tuition for courses submitted for State funding to support course costs. Residents age 60 and over pay fees only, as shown with the course description, plus a $5 tuition cost if not a resident of Carroll County. (Some courses are not eligible for State funding to support instructional costs. Residents 60 and over pay all course costs for such courses.)

Drops, Refunds and Cancellations

Course cancellations:

100% refund will be issued for any course the College cancels.

Before the course begins:

Course withdrawals and requests for full refunds may be made up to 24 hours before the course begins by calling Continuing Education and Training at 410-386-8100. Some exceptions may apply and will be noted in the course description.

After the course begins:

Refunds are not awarded after a course has started.

The College reserves the right to cancel courses or make changes due to insufficient enrollment or unforeseen circumstances. In these events, students will be notified via email.

Tuition Assistance

Tuition assistance may be available for eligible Carroll County non-credit students. Contact Beth Rosko Lee at blee@carrollcc.edu or 410-386-8096, or go to www.carrollcc.edu/tuitionassistance.

Continuing Education Training Programs and Employability

Passing a course or program may be the first step toward certification; however, to become employed or to receive state or national certification or licensure, other requirements in addition to training may apply. These may include a high school diploma, legal residency or additional exams. It is the student’s responsibility to be aware of those requirements.

Carroll Community College cannot confirm whether a course or workforce certificate program meets requirements for professional licensure in states other than Maryland. If you plan to apply for licensure in a state other than Maryland, contact that state’s licensing board to determine whether the College course or training meets requirements for licensure in that state.

Employer Paid Course

Carroll County employers, Maryland State Government agencies, and local governments and municipalities may pay for any continuing education classes for their employees or clients by presenting a purchase order, voucher or letter of authorization for billing, or by paying by credit card or check at the time of registration. Carroll County employers are encouraged to have an In-County Tuition Agreement on file. All other entities are required to remit payment by credit card or check at the time of registration.

Gift Certificates

Gift certificates can be purchased in almost any amount and redeemed for the course of choice. Contact the Cashier’s Office at 410-386-8040. Or stop in Monday – Thursday, 8:30 a.m. – 7 p.m. and Friday, 8:30 a.m. – 4:30 p.m.

Certificates may be applied toward the tuition and fees of any continuing education or credit class and may not be converted to cash.

Repeated Courses

Continuing Education and Training wants every student to be successful; however, we recognize that a course or training program may not always be the best match for a student. Thus, the College reserves the right to decline a student registration into any career training course or program where the student has unsuccessfully attempted the same course or training program twice.

Course Textbooks

Textbooks for Continuing Education courses are generally available for purchase in the bookstore approximately one week before your course begins. To determine whether or not a textbook purchase is required, refer to the course description. Students buying textbooks will find specific ordering information such as author, title, edition, ISBN, etc. for each Maryland residents: DEDUCT $10 per course
Maryland Non-Carroll County residents: DEDUCT $5 per course
Maryland senior adults pay fees only.
textbook on the bookstore website (www.carrollcc.edu/bookstore) approximately two weeks prior to the start of the course. Students are encouraged to purchase textbooks from the College bookstore; however, they may also purchase used or new textbooks from other bookstores or online vendors.

Carroll Community College is aware of the high cost of college textbooks. We endeavor to select reasonably priced texts that provide currency, relevance and the most effective presentation of course content.

**Non-Credit Course Disclaimer**

Courses and class schedule information listed in the Non-Credit Course Schedule, promotional literature and on the College website are subject to change. The College regrets any discrepancies or typographical errors.

**Disability Support Services**

Carroll is committed to providing equal access for all students in accordance with the Americans with Disabilities Act of 1990 (ADA) and related law. Students in need of accommodations should contact the Office of ADA Support Services, located in A101 Admissions, prior to the start of their course or program, or call 410-386-8327 or e-mail jtatela@carrollcc.edu, or refer to the College website’s list of Student Services for additional information.

Emergency Rescue Assistance stairwells are located in every building, and the College urges all students to become familiar with these locations.

**Electronic Image Use**

Because Carroll Community College is a public institution, photographs of students, staff, faculty or visitors in common areas on campus or at public ceremonies or events can be used in printed and electronic public relations materials without their permission. The individual has no privacy rights in this instance and no model’s release is required. However, every effort will be made by the photographer to notify individuals within the shoot area so that they may choose to exclude themselves from the photograph.
