Workforce Training Certificates

Carroll Community College's Workforce Training Certificate programs are developed with regional employers to help you **gain the skills and credentials needed for today's workforce.** Many certificates can be completed in just weeks or months, helping you **start or advance your career faster.**

Why Earn a Workforce Training Certificate at Carroll?

- **Train quickly.** Earn a valuable credential in less time than a traditional degree.
- **Prepare for certification or licensure.** Get ready for state or national exams required in your field.
- **Gain in-demand skills.** Build knowledge employers value.
- **Learn from experienced professionals.** Study with instructors who bring real-world expertise to the classroom.
- **Access career support.** Receive guidance from a dedicated career navigator.

Getting Started

To earn a Workforce Training Certificate, indicate the certificate you wish to pursue when registering for classes.

Learn More

For detailed information about each certificate, including occupational requirements, related Continuing Education courses, and estimated hourly wages, visit **carrollcc.edu/cecertificates.**

Important Information

Please note that employment, certification, or licensure may require additional qualifications beyond training, such as a high school diploma, residency, background checks, or examinations. If you do not have a high school diploma, contact Carroll's Adult Education Program at 410-386-8630 to learn about free diploma-completion options.

Financial Assistance

for Workforce Training Certificates

Assistance is Available for Students to:

- Start a new career
- Upgrade skills
- Earn an industry credential

UP TO **100%** OF TUITION COVERED

Prepare to enter the fast-growing field of pharmacy as a pharmacy technician with employment opportunities in retail, home care or hospital settings. Learn the practice of pharmacy and prepare to take the national Pharmacy Technician Certification Exam (PTCE). Begin your review of the top 200 drugs. Learn about pharmaceutical calculations, dosage unit conversions, medical terminology, controlled substances, and pharmacy law, regulations and ethics. Training includes a virtual component and practical experience working in a mock pharmacy. A strong foundation in math and computer concepts is recommended. Students must register for Pharmacy Technician Training I and II together, and courses must be taken consecutively. Veterans: Pharmacy Technician Training is an approved program for Veterans Education Benefits. Call 410-386-8100 for more information.

Phlebotomy Technician

Phlebotomy technicians work in clinical laboratory settings, hospitals and sometimes physicians' offices. Their primary responsibility is to collect blood specimens as ordered by the physician. Hours may span day, evening, night and weekend shifts.

Licensure/Certification Earned

Successful completion prepares students to sit for the PBT exam administered through the American Society for Clinical Pathology (ASCP) Board of Certification.

Approximate Training Cost

$2,515 (excluding prerequisites)

Approximate Length

3 months/168 hours (excluding prerequisites)

Upcoming Sessions

Offered Fall and Spring; classroom portion on weekday evenings; clinicals Monday – Friday

How do I start?

Phlebotomy Technician

Prerequisite Courses

Professional Preparation in Health Care

Learn the essentials of becoming successful as a student and employee in today's healthcare systems. Topics include communication, working well on teams, respecting and valuing differences, and the importance of professionalism. Discuss the availability of healthcare careers in the local region, marketing your skills to potential employers, resumes, application letters and how to prepare for interviews.

Phlebotomy Technician *(continued)*

Courses

Phlebotomy Technician Training I: Theory

In this initial 48-hour course, you will learn about the anatomy and physiology of the circulatory system, specimen collection, specimen processing and handling, and laboratory operations including safety and quality control. Successful completion of Phlebotomy Technician Training I, II and III is required to sit for the ASCP national certification exam. Prerequisites: Successful completion of Professional Preparation in Healthcare (AHE-196). You must also have a current American Heart Association BLS Provider CPR card. This course includes a clinical component. A criminal background check, drug testing and evidence of immunization are required for the clinical portion of this course at an additional cost. Information distributed at first class. Uniform required while in the clinical setting. You must register for Phlebotomy I, II and III together, and all three courses must be taken consecutively. Veterans: Phlebotomy Technician Training is an approved program for Veterans Education Benefits. Call 410-386-8100 for more information.

Professional Perinatal Doula

Support growing families while preparing for meaningful work in maternal health and birth support. The Perinatal Doula program prepares students to provide non-medical emotional, physical, informational, and advocacy-based support to individuals and families during pregnancy, labor and birth, and the postpartum period. Graduates may work independently, with doula agencies, healthcare systems, or community-based organizations. The program aligns with national doula training standards and prepares students to meet education and documentation requirements associated with Maryland Medicaid doula services. Offered through partnership with The Well and Wise Co. This course is offered in a hybrid in-person/online format.

Licensure/Certification Earned

Upon successful completion, a Carroll Community College Workforce Training Certificate will be awarded along with a completion certificate from The Well and Wise Co. that allows completers to bill Medicaid for doula services.

Approximate Training Cost

$2,020 plus textbooks and CPR certification

Approximate Length

4 months/90 hours

Upcoming Sessions

Start dates in September and January, in-person classes meet weekday evenings

How do I start?

Professional Perinatal Doula

Courses

Certified Perinatal Doula I: Foundations and Prenatal Support

This course introduces the foundations of doula practice with a focus on prenatal support and reproductive justice. Students learn basic pregnancy physiology, prenatal wellness, trauma-informed care, and respectful communication to support informed choice and client autonomy. The course also addresses mental health awareness, professional boundaries, and social factors affecting pregnancy outcomes.

Automotive Technician

Automotive Technicians work in well-ventilated and well-lit repair shops, service departments of car dealerships or any other type of mechanic shop. They inspect a driver's vehicle, inform them of any issues and provide necessary maintenance to get the car working effectively again. Automotive Technicians typically repair basic car parts like brakes, steering wheels and engines. They can also inspect and fix a vehicle's electrical system. Most of them must perform automotive care tasks daily, like checking fluid levels, rotating tires and changing oil fluids.

Licensure/Certification Earned

Each class prepares students to test for the ASE individual certification in the respective area. Three entry-level individual ASE certifications in addition to 6 months of work experience in a related field qualify students to test for the ASE Maintenance and Light Repair.

Approximate Number of Hours

6 – 7 months/156 hours

Approximate Training Cost

$3,036 Financial assistance available; up to 100% of tuition covered

Upcoming Sessions

Offered only in the Fall; classes held 2 nights a week from 6 – 9 p.m.

How do I start?

Automotive Technician

Courses

Automotive Essentials

This course introduces students to the automotive service industry and the foundational skills required for an entry-level auto technician career. Students learn essential shop safety practices, proper use of tools and equipment, and basic industry standards and professional expectations. Instruction provides an overview of automotive systems and the topics covered in the Auto Technician Certificate program, while emphasizing the skills necessary for success in both the program and the workplace. Required: Valid driver's license.

 # VOC-022 | **$864** (includes fees: $555)

Automotive Brake Systems

Gain the knowledge and know-how to diagnose and repair different types of brake systems. At the end of the course, you will be prepared to take the Individual ASE Brakes Certification. This is the third class in the Auto Technician program. Prerequisite: Automotive Electrical Systems or comparable training.

 # VOC-751 | **$724** (includes fees: $415)

Automotive Suspension and Steering Systems

Continue building your auto technician knowledge by learning the suspension and steering of automobiles. Gain an understanding of how to diagnose and repair steering, suspension and wheel alignment problems. At the end of the course, you will be prepared to take the Individual ASE Suspension and Steering Certification. This is the final class in the Auto Technician program. Prerequisite: Automotive Brake Systems or comparable training.

 # VOC-752 | **$724** (includes fees: $415)

Automotive Electrical Systems

Working on modern cars is like working on a computer. Understanding the electrical system is one of the top skills an auto technician needs. Learn how to diagnose and repair electrical problems in everything from batteries to the instrument panel. At the end of the course, you will be prepared to take the Individual ASE Electrical/Electronic Systems Certification. No prior work experience is required. This is the second class in the Auto-Technician program. Prerequisite: Introduction to Auto Technician

 # VOC-750 | **$724** (includes fees: $415)

All Automotive Technician courses for Winter – Spring 2027 are currently full. Get notified when registration for Fall 2027 opens: www.carrollcc.edu/certificate-notify

Hybrid/Electric Vehicle Technician

The next generation of cars is on the road and needs repair. Hybrid and Electric vehicles are becoming more popular and the demand for technicians is growing. Stay ahead of the curve with this innovative training. Topics range from safety and diagnostics to drive systems and battery systems. Perfect for experienced technicians looking to grow their knowledge and skills in this emerging technology.

Licensure/Certification Earned

Students with 3 years of full-time work experience will be prepared to sit for the ASE Light Duty Hybrid/Electric Vehicle Specialist (L3).

Approximate Training Cost

$799 Financial assistance available; up to 100% of tuition covered

Approximate Length

2 – 3 months/51 hours

Upcoming Sessions

Coming Soon

Course

ASE Light Duty Hybrid/Electric

Prepare for the ASE L3 Light Duty Hybrid/Electric Vehicle Specialist test and learn to diagnose and repair hybrid/electric vehicle concerns. Topics include personal safety practices and special tools that are critical when working on hybrid/electric vehicles. Students will learn to diagnose and repair the 5 support systems of hybrid/electric vehicles, including the battery system, internal combustion engine, drive systems, power electronics and hybrid support systems. This hands-on class provides practical experience in repairing the advanced technology found in hybrid/electric vehicles. For safety reasons, students must wear safety glasses when performing any testing or repairs during class. Prerequisite: 2 years of full-time related experience.

Truck Driver – CDL-A

Local drivers may provide daily service for a specific route while other drivers make intercity and interstate deliveries that take longer and may vary from job to job. Long-distance heavy truck and tractor-trailer drivers spend most of their time behind the wheel but may load or unload their cargo at their destination. Drivers frequently travel at night, on holidays and weekends to avoid traffic delays.

Licensure/Certification Earned

Upon successful completion of this training and the MVA written and driving tests administered during class, a MD CDL-A license will be awarded.

Approximate Training Cost

CDL-A: $5,500 (plus applicable fees)
Financial assistance available; up to 100% of tuition covered

Approximate Length

8 weeks/280 hours

Upcoming Sessions

Offered 4 times a year in Fall, Winter, Spring, and Summer; weekday daytime classes

Welding

Welders are in demand across industries like construction, manufacturing, and infrastructure. They help build essential structures—bridges, buildings, pipelines, and more. Using blueprints and symbols, welders apply hands-on skills and knowledge of metals to fuse parts together. Safety is key, so they wear protective gear and follow strict procedures. Welding offers a pathway to certifications that boost skills and job opportunities. If you enjoy working with your hands, solving problems, and building things that last, welding could be a strong career choice with room to grow and specialize in areas like robotics, inspection, or underwater welding.

Licensure/Certification Earned

Students will be prepared to sit for the AWS D1.1 Structural Steel Welding Exam.

Approximate Training Cost

$3,129 | Financial assistance available; up to 100% of tuition covered

Approximate Length

6 months/120 hours

Upcoming Sessions

Offered Fall and Spring; weekday evening classes

How do I start?

Welding

Courses

Welding I

Welding I provides a foundational introduction to gas and arc welding for beginning welders looking to get into the industry. Students learn the safe and proper handling of welding equipment, including oxy-acetylene and arc welding systems. Instruction covers welding safety practices, electrode and filler metal selection, metal cutting techniques, and the fundamentals of arc, MIG (GMAW), and TIG (GTAW) welding processes. Students gain hands-on experience operating welding equipment in a controlled lab environment. For safety reasons, students must wear long-sleeve shirts, long pants, and hard shoes. Course cost includes a welding helmet, required personal protective equipment, and basic tools.

 # VOC-153 | **$1,530** (includes fees: $1,050)

Welding II

Welding II builds on the skills and knowledge developed in Welding I, with increased emphasis on technique refinement, positional welding, and career readiness. Students gain additional hands-on experience safely operating oxy-acetylene, MIG (GMAW), TIG (GTAW), and arc welding equipment. Instruction focuses on developing consistent weld quality while welding in multiple positions, including flat and vertical orientations. Students continue to strengthen process-selection skills and apply industry-standard practices in preparation for advanced training and American Welding Society (AWS) certification pathways. For safety reasons, students must wear long-sleeve shirts, long pants, and hard shoes. Course cost includes additional required personal protective equipment and basic tools. Prerequisite: Welding I or equivalent experience.

 # VOC-154 | **$1,599** (includes fees: $1,100)

All Welding courses for Winter – Spring 2027 are currently full. Get notified when additional sections open: www.carrollcc.edu/certificate-notify

Welding Exam Prep also available. See page 33 for information.

Commercial UAS (Drone) Pilot

UAS (Unmanned Aircraft Systems) AKA drones can be utilized in nearly every industry imaginable. From marketing to construction to inspection, drones can be flown to collect data and gather images that can be processed, edited, and shared. Whether you want to diversify your abilities or start an exciting new career, becoming a commercial drone pilot is a great way to do it. The recently revised program adds more flight time that includes Night Flight, NIST training, and condensed hybrid classes.

Licensure/Certification Earned

Students prepare for the FAA Remote Pilot Certificate (Part 107) and earn a Carroll Community College Remote Pilot Proficiency Certification based on National Institute of Standards and Technology (NIST) evaluation methods.

Approximate Training Cost

$1,301

Approximate Length

2 months

Upcoming Sessions

Offered Fall and Spring; classes weekday evenings and daytime Saturdays.

How do I start?

Commercial UAS Drone Pilot

Courses

Commercial Remote Pilot Pt. 1

Take the first step to becoming a commercial drone pilot. Learn the rules and regulations to become certified and start earning money with your drone. Prepare to sit for the Unmanned Aircraft General – Small (UAG) exam with practice exams and reviews of what might be on the test. Cost includes drone simulator and controller.

 # DRN-020 | **$682** (includes fees: $482)

A3 Tue, Thu | Feb. 9 – Mar. 4 | 6 – 8:30 p.m.
8 sessions | Main Campus
Instructor: Geoffrey Voigt

Commercial Remote Pilot Pt. 2

Move from the simulator to actual hands-on flying. Unlike some drone programs, this class will give you the skills needed to fly a commercial drone. Experience what it's like to see the world from 400 feet above the earth. Fly the National Institute of Standards and Technology (NIST) drone lanes and earn Carroll's certification for each one you pass! Prerequisite: DRN-020 Commercial Remote Pilot Pt. 1.

 # DRN-021 | **$619** (includes fees: $400)

Professional Preparation for the Veterinary Assistant

Begin your journey to become a veterinary assistant with this essential preparatory course. Required for all students entering the veterinary assistant program, this course covers key foundational skills including problem-solving, effective written and verbal communication, medication mathematics, confidentiality, professionalism and ethics. Gain the knowledge and skills needed to excel in both the classroom and clinical setting.

 # VOC-828 | **$135** (includes fees: $75)

Get notified when registration opens: www.carrollcc.edu/certificate-notify

Veterinary Assistant Training I: Outpatient Care, Diagnostics and Pharmacy

Gain a comprehensive introduction to veterinary medicine. Explore the veterinary profession, focusing on office and client relations, client history taking, and exam room procedures. Key topics include animal handling techniques, basic anatomy and physiology, vaccines and immunizations, and physical examination procedures. Learn about various laboratory tests, the use of microscopes, common veterinary drugs, and radiology techniques. Prerequisite: Professional Preparation for the Veterinary Assistant.

 # VOC-829 | **$1,383** (includes fees: $883)

Get notified when registration opens: www.carrollcc.edu/certificate-notify

Veterinary Assistant Training II: Patient Care, Treatment, Surgery, Anesthesia and Emergency Care

Gain expertise in veterinary assistant inpatient care and clinical procedures. Topics covered include patient medication, animal nutrition, fluid therapy, and therapeutic techniques. Develop essential skills for surgery and emergency care, such as anesthesia, surgery preparation, first aid, emergency procedures, CPR, and critical care. Prerequisite: Veterinary Assistant Training I.

 # VOC-830 | **$821** (includes fees: $511)

Get notified when registration opens: www.carrollcc.edu/certificate-notify

Veterinary Assistant Training III: Clinical Externship

Observe and practice the skills you have learned in this hands-on, individually scheduled clinical externship. Receive practical training in preventive medicine, nutrition, husbandry, animal behavior, handling and restraint, medical management, and laboratory techniques under the direct supervision of veterinary staff. Reliable transportation is required, and availability on weekdays, weekends, and holidays may be necessary for successful completion. Prerequisite: Veterinary Assistant Training I and II.

 # VOC-831 | **$317** (includes fees: $177)

Get notified when registration opens: www.carrollcc.edu/certificate-notify

Digital Marketing Professional

The field of digital marketing is expanding rapidly, and companies are adopting digital strategies, requiring specialists to manage their online presence. Common entry-level roles include content writers, SEO specialists, social media coordinators, email marketing associates and more. Companies value creativity, drive and interpersonal skills over industry experience

Licensure/Certification Earned

Upon successful completion, a Carroll Community College Workforce Training Certificate will be awarded.

Approximate Training Cost

$1,039

Approximate Length

3 – 4 months/48 hours

Format

All classes online on weekday evenings. This program includes synchronous and asynchronous learning.

Upcoming Sessions

Offered Fall and Spring

Excavation, Trenching and Soil Mechanics Train-The-Trainer

This trainer course is recommended for inspectors, auditors, safety and health professionals, and personnel responsible for writing, auditing or training employees with an active role in trenching and excavations. It was developed and designed to educate participants to train about all aspects of 29 CFR 1926 Subpart P Excavations. Prerequisite: Must have completed the OSHA 3015 Excavation, Trenching and Soil Mechanics course within the last 12 months and provide the CRSC with a copy of your course completion certificate.

 # SFT-008

A2 Thu | Dec. 17 | 8 a.m. – 4 p.m.
1 session | Main Campus

OSHA 3015 – Excavation, Trenching, & Soil Mechanics

Learn about the OSHA Excavation Standard and the safety and health aspects of excavation and trenching. Topics include practical soil mechanics and their relationship to the stability of shored and unshored slopes and walls of excavations; introduction to various types of shoring (wood timbers and hydraulic); soil classification and use of protective systems. Testing methods are demonstrated, and students participate in workshops using instruments such as penetrometers, torvane shears and engineering rods.

 # SFT-007

A2 Mon, Tue, Wed | Dec. 14 – 16 | 8 a.m. – 4 p.m.
3 sessions | Main Campus

I am currently enrolled in the Automotive Technician program here at Carroll, with an eye toward completion in the spring. In 2011, I started a 4-year HVAC apprenticeship program at Carroll. This experience allowed me to quickly and thoroughly grasp the concepts of the HVAC trade. There is no doubt in my mind that the tools I gained here played a crucial role in expediting my climb up the company ladder.

Over the summer I decided that my time in the HVAC industry had run its course and I set out to find my next challenge. Knowing the shortage of tradesmen across fields, I perused Carroll's trade classes and became intrigued by the Auto Tech program and its ASE-focused education. The Maryland EARN Grant, which covered the entirety of the tuition, was vital in allowing me to comfortably commit.

The opening of the Ratcliffe Applied Technology & Trades Center will have tremendous immediate benefits for me and my classmates. Carroll Community College has played, and is playing, a pivotal role in my life.

Wyatt Runciman
Automotive Technician Student

ADDITIONAL CAREER TRAINING

LAW ENFORCEMENT AND LEGAL CAREERS

Estate Planning – Probate, Wills and Trusts

This course explores the paralegal's role in estate planning. The requirements of creating enforceable wills and trusts will be covered, and study of resulting and constructive trusts will be provided.

 # LAW-028 | **$670** (includes fees: $431)

A3 Online Jan. 11 – Feb. 26

Legal Nurse Consultant Training Course

This program prepares medical professionals for a career in the legal field as legal nurse consultants. This course provides the RN and PA with fundamental skills necessary to advise law firms, health care providers, insurance companies and governmental agencies regarding medically related issues and to appear in court as expert witnesses. Learn legal concepts related to the health care industry, as well as the role a legal nurse consultant might play in litigation areas such as medical malpractice, toxic torts, product liability, personal injury, wrongful death, criminal law and workers' compensation.

 # VOC-555 | **$1,564** (includes fees: $1,325)

A3P Online March 8 – April 23

Legal Secretary Certificate Course

Beginning and experienced secretaries, improve your skills in the law office. Topics include: legal terminology; legal process; jurisdiction and venue; ethics; written communications including letters, pleadings, discovery, notices and motions; filing procedures, billing and accounting; time management; records management; an overview of commonly used word and data processing programs; legal research; memoranda preparation and citation format. A3B Online March 8 – April 23

Paralegal Certification Course

Get a foundation for the study of paralegalism. Gain an understanding of the American legal system and learn how you can be of assistance in the field of law. Course results in a paralegal certificate, demonstrating mastery of foundations of law.

 # VOC-553 | **$2,215** (includes fees: $1,796) plus text

A3B Online March 8 – April 23

Real Property Law Course

The law of real property is one of the basic law school courses, and is a must for paralegals in a business law firm. Here we examine the system of common law property, the recording acts, conveyancing, mortgaging, landlord-tenant, and financing. We cover the subjects every paralegal should know about land transactions and the documents which record the purchase, sale, and leasing of real estate. Besides buyer-seller issues, the student should be able to deal with title insurance companies, recorders of deeds, and to recognize land finance subjects. Finally, we deal with foreclosure of mortgages and the possibility of redeeming a mortgage that has gone into default.

 # LAW-029 | **$670** (includes fees: $431)

A3 Online March 8 – April 23

Victim Advocacy Certificate Course

Prepare to work in victim advocacy arenas, such as domestic violence shelters, crisis centers, crisis hotlines, and with state and county governments to assist crime victims through the criminal justice system and toward successful recovery. Topics include: legal terminology; legal process; legislation regarding victims' rights; jurisdiction and venue; ethics; effects of victimization on the victim; victim advocate skills; guardianships and crisis intervention. Also covers counseling skills for victims of assault, battery, robbery, domestic violence, sexual assault and child abuse.

 # VOC-559 | **$1,204** (includes fees: $1,025) plus text

A3B Online March 8 – April 23

TRANSPORTATION

Hazardous Materials for Commercial Truck Drivers

GED® Test/High School Diploma Preparation

Brush up your skills and get ready to pass the GED® tests in our adult basic skills and GED® preparation classes.

Free GED® preparation classes for adults 18 and older are offered online and in person with day and evening programs available.

Winter classes start Tuesday, Jan. 12.
Spring classes start Tuesday, April 13.

To be eligible for classes, you must attend a FREE information session before December 1 for Winter, and before March 19 for Spring classes. Registration for the info session is required.
Contact us today for available dates.

"It took me a long time to make the decision to sign up for classes, but I am happy that I took the step toward getting my GED® diploma. This will help me get a better life and earn more money. It is not always easy to be an adult student, but the effort pays off. After my classes, I watch videos and complete assignments to study more and I am seeing the results. Students, keep on pushing. You will succeed in the end!"

–Annette Igidimba, GED® student

ESOL (English for Speakers of Other Languages)

Learn to read, write and speak English in our ESOL classes.

Para español, por favor llame 410-386-8636.

Free English classes for adult speakers of other languages are offered online and in person with day and evening programs available.

Winter classes start Wednesday, Jan. 6. Spring classes start Monday, April 5.

To be eligible for classes, you must attend a FREE information session before December 1 for Winter, and before March 19 for Spring classes. Registration for the info session is required.
Contact us today for available dates.

"This is my first time taking online ESOL classes. The online registration was easy, and the instructions were simple to follow. I love the online classes because I am learning a lot and they save me a lot of time driving to class. My teacher is very nice and patient. I just passed my naturalization test and became a U.S. citizen because I had improved my English through the ESOL classes. Thanks teacher!"

–Jimmy Wei, ESOL student

ART

Drawing and Painting: Beginning

Embark on a creative journey. Equip yourself with the foundational skills to produce your own unique artwork. Dive into the world of drawing with the initial four sessions, each dedicated to a fundamental aspect of the craft. Enhance your drawing abilities and lay the groundwork for the painting. Engage in a series of swift painting exercises and gain proficiency in color mixing, paint application, and developing your personal artistic style and color palette.

 # PDE-808 | **$239** (includes fees: $75)

A3M Mon | Jan. 11 – March 8* | 6 – 8:30 p.m.
8 sessions | Main Campus
Instructor: Sarah Abel-DeLuca
**No class 1/18*

B3M Mon | March 15 – May 10* | 6 – 8:30 p.m.
8 sessions | Main Campus
Instructor: Sarah Abel-DeLuca
**No class 3/22*

Drawing and Painting: Continuing

Advance your artistic talents. Build upon the foundation with a more sophisticated and self-directed learning experience. Choose your preferred medium and tailor your education with four curricular paths: tackle a more complex version of the beginner's curriculum; re-examine core drawing lessons such as perspective, negative space and composition through the lens of painting; explore a unique instructor-provided painting exercise each class; and design a personalized study plan with the instructor focusing on a particular drawing or painting technique you wish to master.

 # PDE-809 | **$239** (includes fees: $75)

A3M Mon | Jan. 11 – March 8* | 6 – 8:30 p.m.

Instructor: Maria Artista-Cuchna

HISTORY, CULTURE & WORLD VIEW

HISTORY

Our Accidental Presidents: America's Nine Unelected Chief Executives

John Adams called the vice-presidency the most insignificant office that ever the invention of man contrived, or his imagination conceived. But nine times, the man who has held that 'insignificant office' has suddenly risen to the presidency because of the natural death, assassination, or resignation of the nation's Chief Executive, which is always a moment of turmoil and crisis. Some rose to the occasion better than others, but all nine made an impact on both America and the world. Learn more about these men, including how they 'got the job,' the challenges they faced, their successes and failures, and how their actions changed the course of our history.

 # HCW-214 | **$80** (includes fees: $70)

10 a.m. – 12 p.m.
3 sessions | Main Campus
Instructor: Marcy Gouge

Working Hard for the Money: Laborers and Laboring in 20th Century America

Americans believe in progress, the idea that things get better over time. And compared with the 19th century, workers are better paid and have safer workplaces. But how did we achieve this? Explore the key events in the 20th century that brought changes to the nature of work in America, including the everyday experiences of workers and the role of the American Labor Movement. Discover how men and women from different and varied origins and cultures both individually and collectively challenged employers regarding working conditions and wage-earning status. What can we learn from their story to give us insight and inspiration as we face the complex issues of working in America today? Have we achieved enough, or is there more work to do?

 # HCW-116 | **$80** (includes fees: $70)

2 sessions | Main Campus
Instructor: Robert Young

World War II, the Global Conflict

Explore the global history of the Second World War. Emphasis is placed on the theaters of war and related events in Europe, Africa, Asia and the Pacific, in relation to their impact on the Allied political and military objectives. The war will be examined from the perspective of the United States, Great Britain and other Allied nations, as well as Japan and Germany. The role of diplomacy and strategy, the impact of war upon society, and the fighting on land, at sea and in the air are also examined in terms of modern warfare. Co-listed with credit.

WORLD VIEW

Ethics

Engage in critical examination of values through the careful exploration of the views of classic and contemporary moral philosophers. Explore a variety of moral issues including those that are well known and controversial and those that are often overlooked yet relevant. Raise awareness about, and refine our capacity to act effectively in, our roles as moral agents. Co-listed with credit.

 # PDE-083 | **$454** (includes fees: $75) plus text

A3B Tue, Thu | Feb. 2 – May 13* | 12:30 – 1:50 p.m.
28 sessions | Main Campus, C271
**No class 3/23, 3/25*

Introduction to Philosophy

Join us in the critical and open activity of philosophical inquiry. Philosophy is an ongoing conversation that explores who we are, what our world is and how we are to act toward the world. Read and discuss contributions to that conversation by classic and contemporary philosophers for the purpose of seeing how these people engaged questions that have real applications to us and to see how their thoughts shaped or prod at our lives today. Critique the contributions made by these philosophers and critique your own ideas and worldviews. Co-listed with credit.

 # PDE-082 | **$454** (includes fees: $75) plus text

A3B Mon, Wed | Feb. 1 – May 12*
9:30 – 10:50 a.m.
28 sessions | Main Campus
**No class 3/22, 3/24*

THEATER

Acting for Non-Majors

Study the theory and basic principles of the creative processes of acting. Emphasis is given to the development and understanding of the practical application of acting through physical, vocal and creative exercises, improvisation, monologue and scene work. Other activities include play analysis, character analysis and written assignments. No prior acting experience necessary. Co-listed with credit.

 # HCW-179 | **$454** (includes fees: $75)

A3 Mon, Wed | Feb. 1 – May 12*
11 a.m. – 12:20 p.m.
28 sessions | Main Campus
Instructor: Jane Frazier
**No class 3/22, 3/24*

Script Analysis

Study play texts, from page to stage, with emphasis on critical analysis of structure, genre, theme, style, character, language, dramatic event and point of view of the actor, director, critic and audience. Students will be introduced to theatre research methods. Co-listed with credit.

 # HCW-180 | **$454** (includes fees: $75) plus text

A3B Mon, Wed | Feb. 1 – May 12* | 12:30 – 1:50 p.m.
28 sessions | Main Campus
Instructor: Jane Frazier
**No class 3/22, 3/24*

Stagecraft

Survey the history and practice of the technical aspects of theatre, from ancient Greece to modern-day Broadway. Topics include set construction methods, stage lighting, painting techniques, stage properties, costuming and sound implementation. Students may work optional laboratory hours as arranged with instructor. Co-listed with credit

 # HCW-136 | **$454** (includes fees: $75) plus text

A3B Tue, Thu | Feb. 2 – May 13* | 12:30 – 1:50 p.m.
28 sessions | Main Campus
**No class 3/23, 3/25*

TRAVEL

Trips are open to everyone in the community. Must be 18 for day tours and 21 for overnight trips. Visit www.carrollcc.edu/travelprograms for details and updates. For information email bburke@carrollcc.edu or call Barb Burke at 410-386-8019. Refunds are not available after tickets/ meals are purchased. All trips leave from Carroll Community College.

DAY TOURS

Washington DC

Discover the many sides of Washington, D.C., where iconic monuments and historic landmarks meet world-class museums, beautiful gardens, vibrant neighborhoods, and outstanding dining. Travel through the nation's capital with a knowledgeable guide who will share fascinating stories and hidden gems along the way, then enjoy free time to explore the attractions that interest you most. Whether you're visiting a favorite site or discovering something new, this trip offers the perfect blend of guided sightseeing and independent exploration. Trip includes roundtrip transportation aboard a Superior Tours luxury motor coach with tour guide. Meals are purchased separately. Join us for a delightful and engaging day trip! Trips are open to everyone in the community ages 18 and up. Explore museums, theaters, destinations, or historical sites effortlessly, without the hassle of planning or driving.

 # ADV-024 | **$85** (includes fees: $75)

B4T Sat | April 10 | 8:30 a.m. – 5:30 p.m.
1 day | Off-Site

Winterthur

Experience the grandeur of Winterthur, the former estate of renowned collector Henry Francis du Pont. Explore one of America's finest museums of historic and decorative objects that bring the past to life as you learn lesser-known stories of the people and events that shaped our nation. Then discover the estate's spectacular gardens, set within nearly 1,000 acres of rolling meadows, woodlands, and waterways. Stroll the gardens at your own pace or enjoy a narrated tram tour through this breathtaking landscape. Trip includes roundtrip transportation by a luxury motor coach and admission ticket to Winterthur Museum, Garden & Library. Meals are purchased separately. Join us for a delightful and engaging day trip! Trips are open to everyone in the community ages 18 and up. Explore museums, theaters, destinations, or historical sites effortlessly, without the hassle of planning or driving.

A3 Mon, Wed | Feb. 8 – 15 | 6 – 8 p.m.
3 sessions | Main Campus
Instructor: Julie Mulhern

Chakras in Action: Beyond the Basics

This is an immersive, experiential class designed for students who already know the foundations of the chakra system and are ready to take their understanding to the next level. This course goes far beyond memorizing chakra meanings; it teaches how the chakras actually function in the real-world, how they interact with each other, and how to recognize energetic patterns. Students will discover how to bring their system back into harmony and have a deeper, more dynamic understanding of their energy system.

A3 Mon, Wed | March 8 – 15 | 6 – 8 p.m.
3 sessions | Main Campus
Instructor: Julie Mulhern

NEW! Coping With the Winter Blues

The winter blues often arise from reduced daylight and colder temperatures, leading to feelings of sadness and lethargy. These seasonal shifts can disrupt our routines, causing fluctuations in mood and energy levels, making it challenging to maintain motivation and enthusiasm for daily activities. While not a clinical diagnosis, the winter blues can affect anyone. Recognizing these feelings is the first step toward feeling better. In this course, learn strategies to navigate the cold and dark of winter and reclaim a sense of joy and energy. Instructor: Julie Cassaday

 # PDE-188 | **$40** (includes fees: $30)

Fundamentals of Tai Chi

Learn the basic concepts and movements of Tai Chi as well as the 24-posture Yang style short form. Study various movements that demonstrate the principles of Tai Chi and promote relaxation and energy development such as silk reeling, Qi Gong exercises, animal frolics, and two-person exercises. Team-teaching allows continuous skill development to prepare for the intermediate/advanced class. Students may need to repeat this class to master the 24-posture form.

4 Sessions
 # XXZ-155 | **$52** (includes fees: $42)

A3 Thu | Jan. 7 – 28 | 6:15 – 7:15 p.m.
4 sessions | Main Campus

8 sessions | Main Campus
**No class 3/25*

A4 Thu | April 8 – May 27 | 6:45 – 7:45 p.m.
8 sessions | Main Campus

Tai Chi: Intermediate/Advanced

Build on the basics of Tai Chi using traditional Chinese 'forms', choreographed sequences of movements, to demonstrate Tai Chi principles, martial applications, and health benefits. Intermediate students will learn a popular Yang style form, the energizing reeling silk exercises, and be introduced to 2-person push hands and other simple 2-person exercises. Advanced students will learn a Chen style form, introduction to the sword form and will practice short 2-person acts to demonstrate martial applications and refine Tai Chi movements.

4 Sessions
 # XXZ-156 | **$52** (includes fees: $42)

A3P Thu | Jan. 7 – 28 | 7:15 – 8:15 p.m.
4 sessions | Washington Road Campus
Instructor: Jerry Diamond

Instructor: Jerry Diamond

Gentle Strength and Balance Workout

Improve muscle strength, coordination, and balance with this structured workout designed to enhance mobility and reduce the risk of falls. Through a mix of resistance exercises, bodyweight movements, core strengthening techniques, and balance drills, participants will build a strong foundation for daily activities. Using equipment such as dumbbells, resistance bands, or a balance bar/chair, this class is accessible to all fitness levels and is especially beneficial for older adults, beginners, or anyone looking to boost stability and confidence in movement. Bring your own exercise mat.

 # PDE-171 | **$85** (includes fees: $75)

A3 Tue | Jan. 19 – Feb. 23 | 2 – 3 p.m.
6 sessions | Main Campus
Instructor: Sweetie Zubar

Intro to Pickleball

Come play Pickleball! Learn the fundamental skills necessary to play the game along with strategies and scoring. This class is tailored for the beginner and moves at a comfortable pace. If you are one of those who would like to learn the game, but want to learn to play with others who are at the same level, this is a great opportunity.

 # XHW-001 | **$75** (includes fees: $65)

A3 Fri | Jan. 15 – Feb. 12 | 1:30 – 2:30 p.m.
5 sessions | Main Campus
Instructor: Larry Wood

Pickleball II

Can't get enough Pickleball? Continue the excitement from Intro to Pickleball. Sharpen your skills, meet new players and have fun! Open to beginner and intermediate players who want more competitive play time.

 # XHW-006 | **$75** (includes fees: $65)

A3 Fri | Feb. 26 – April 2* | 1:30 – 2:30 p.m.
5 sessions | Main Campus
Instructor: Larry Wood
**No class 3/26*

Pickleball III

Focus on fine-tuning your doubles strategy and working effectively with a partner. Practice drills to improve your overall skills and learn specialty shots that advanced players use. This course is ideal for players who can sustain a rally of over 7 shots and are eager to elevate their game play. Get ready to sharpen your strategy, enhance your skills, and become an even more formidable pickleball player.

 # XHW-020 | **$75** (includes fees: $65)

A4 Fri | April 9 – May 7 | 1:30 – 2:30 p.m.
5 sessions | Main Campus
Instructor: Larry Wood

NEW! Spring Forward

Spring reminds us to rise, renew, and reach forward. New leaves, blossoming flowers, and birdsong fill the air with freshness and hope. This is your season of opportunity! Embrace it, grow with it, and let nature's momentum carry you forward. In this course, investigate how to assemble a plan that has you blooming with hope and promise.

 # PDE-189 | **$40** (includes fees: $30)

6 sessions | Main Campus
Instructor: Karen Koermer
**No class 2/12, 2/19*

OUTDOOR ADVENTURE

Our hikes are generally suitable for novice hikers who want a bit of a challenge. Most terrains will involve a moderate incline and some may have steeper sections. Hikes are generally 3 to 6 miles.

Hiking Club – Adventure Awaits!

Stay active, explore local trails, and connect with fellow outdoor enthusiasts through the Carroll Community College Hiking Club. Whether you're new to hiking or an experienced trekker, you'll enjoy discovering new trails, learning from knowledgeable hikers, and gaining confidence on the trail in a supportive group setting. Along the way, build friendships, expand your outdoor skills, and experience the motivation and camaraderie that make every hike more rewarding. Lace up your boots and join us for your next adventure!

The more you hike, the more you save! Register for multiple hikes and enjoy discounted pricing.

1 hike:	$42
2 hikes:	$35 per hike
3 hikes:	$31 per hike
4 hikes:	$26 per hike
5 hikes:	$21 per hike

Out-of-County residents add $5.
Out-of-State residents add $10.

 # ADV-013 | **$52** (includes fees: $42)

YOUTH PROGRAMS

NEW! Under the Big Top Together

Create lasting memories as you all learn how to juggle, wire walk, plate spin, and more! In two action-packed 90-minute sessions, Theatricks's own family of professional circus artists will guide your family on a unique adventure of discovery and teamwork. You'll not only master new skills together but also take home one piece of equipment of your choice and the confidence to keep practicing as a family. For over 30 years, Mark Lohr and his children have inspired people to uncover hidden talents and believe in the impossible through the magic of circus arts.

 # FAM-036 | **$130** (includes fees: $120)

A3G Sat | Jan. 23 & 30 | 12:30 – 2 p.m.
2 sessions | Main Campus

Collaborate Kitchen: Desserts

Make sweet memories and delicious desserts! Create scrumptious treats while bonding and learning new skills. This hands-on class is perfect for varying skill levels, offering a fun and educational experience. Explore various recipes and dessert techniques. The course fee covers one adult and one child aged 8 – 14.

 # FAM-020 | **$90** (includes fees: $80)

A3G Tue | Feb. 2 | 5:30 – 8:30 p.m.
1 session | Carroll County Career & Tech Center
Instructor: Heather Schaefer

B3G Thu | Feb. 11 | 5:30 – 8:30 p.m.
1 session | Carroll County Career & Tech Center
Instructor: Heather Schaefer

Matching Ceramic Mugs

Shape, decorate and glaze your very own mugs. Imagine the fun of creating matching mugs that showcase your unique bond and creativity. The course fee covers one adult and one child aged 8 – 14. Enjoy a joyful, hands-on experience and create mugs as special as your time together! Projects will be fired after class. Allow two weeks for pick up.

 # FAM-019 | **$110** (includes fees: $100)

A3G Sat | Feb. 6 & 13 | 12:30 – 3 p.m.
2 sessions | Main Campus
Instructor: Mike Hardesty

NEW! Clay Together: Woodland Faces

Create your own whimsical stoneware faces to be displayed indoors or outdoors in your fairy garden or the woods. Be it fairies or wizards, monsters or trolls, let your imagination go wild! Use a variety of ceramic hand-building techniques to make unique and durable stoneware faces. All supplies provided. Cost includes one adult and one child aged 8 – 14. Projects will be fired in the kiln after the second class. Allow two weeks for pick-up.

 # FAM-037 | **$110** (includes fees: $100)

A3G Sat | March 6 & 13 | 12:30 – 3 p.m.
2 sessions | Main Campus
Instructor: Mike Hardesty

Fused Together Suncatchers

Experience the joy of creativity with your child in our special hands-on workshop! Together, you'll explore the basics of glass fusing and collaborate to design and craft two beautiful suncatchers, one for each of you. The course fee covers one adult and one child aged 8 – 14. All materials provided. Projects will be fired offsite. (Allow two weeks for pick up.)

 # FAM-002 | **$95** (includes fees: $85)

A4G Sat | April 3 | 9:30 a.m. – 12 p.m.
1 session | Main Campus
Instructor: Cathy Trostle

B4G Sat | April 17 | 9:30 a.m. – 12 p.m.
1 session | Main Campus
Instructor: Linn Wichowski

SENSORY FRIENDLY

Sensory Friendly: Smoosh Together

Explore the joy of working with clay in a relaxed, hands-on class designed for parents and children of all abilities. Children with cognitive, physical, or neurological differences are welcome to shape, mold, and create at their own pace. This is not a therapeutic program, just a fun, inclusive space where creativity shines. Join us to discover textures, build confidence, and make art together in a warm, supportive environment. Course cost includes one adult and one child.

 # FAM-030 | **$80** (includes fees: $70)

A3G Sat | Jan. 30 | 9 – 11 a.m.
1 session | Main Campus
Instructor: Katie Gutridge

Sensory Friendly: Music and Movement

Join our welcoming music class for children with cognitive, communication, or developmental differences. Through joyful dancing and instrument play, every child can participate in a way that feels comfortable and fun. This is not a therapeutic program, just an inclusive, friendly experience. Activities are adapted for diverse learning needs, including non-verbal children and those with cognitive delays. Celebrate music together in a supportive, developmentally appropriate environment where all children are encouraged to join in their own way! Course cost includes one adult and one child.

 # FAM-029 | **$75** (includes fees: $65)

A3G Sat | Feb. 27 | 9 – 11 a.m.
1 session | Main Campus
Instructor: Ashley Kitchelt

NEW! Sensory Friendly: Flowers, Flutterbies and Fun

Explore hands-on, spring-inspired sensory activities together! Participants will squish, scoop, paint, plant, and create while exploring flowers, butterflies, colors, textures, and scents designed to spark curiosity and encourage sensory discovery. This is not a therapeutic program, just a fun, inclusive space where creativity blooms. Join us to discover nature-inspired adventures, build confidence, and make memories together in a warm, supportive environment. Course cost includes one adult and one child aged 6 – 10.

 # FAM-038 | **$80** (includes fees: $70)

A4G Sat | April 10 | 9 – 11 a.m.
1 session | Main Campus
Instructor: Katie Gutridge

Course Cost

- Carroll County residents: deduct $10 per course.
- Non-Carroll County Maryland residents: deduct $5 per course.
- Maryland residents, 60 years of age or older: pay fees only plus a $5 tuition cost if you are a non-Carroll County resident.
- Non-U.S. citizens: pay the course cost; with a copy of appropriate Visa on file, deduct $10 per course.

The College makes every effort to keep course costs low and comparable to costs of similar courses at other area community colleges.

Age Requirements

Anyone 16 or older may register on a first-come, first-served basis. Some career training may have higher minimum age requirements. Students under 16 may take non-credit courses listed for their age group through Summer!Kids@Carroll and Teen College. Some exceptions may apply for courses designed for families; eligibility will be indicated in the course description.

Tuition Waivers

Disability Waiver

Individuals with total and permanent disabilities may be eligible for tuition waivers for continuing education instruction designed to lead to employment, including life-skills instruction. The tuition waiver may be applied to courses listed in the Career and Professional Training section of this schedule (see Table of Contents).

Students must obtain a Certification for Tuition Waiver form (available on the College website under Costs & Aid, at the Cashier's Office or by calling 410-386-8040) verifying total and permanent disability and receipt of disability or retirement benefits from the Social Security Administration, the Railroad Retirement Board, or from the individual's federal retirement or pension authority. Students must register in person and submit the completed certification form.

Qualified students are responsible for paying all associated course fees.

Senior Adults

Maryland residents age 60 and over are exempt from paying tuition for courses submitted for State funding to support course costs. Residents age 60 and over pay fees only, as shown with the course description, plus a $5 tuition cost if not a resident of Carroll County. (Some courses are not eligible for State funding to support instructional costs. Residents 60 and over pay all course costs for such courses.)

Drops, Refunds and Cancellations

Course cancellations:

100% refund will be issued for any course the College cancels.

Before the course begins:

Course withdrawals and requests for full refunds may be made up to 24 hours before the course begins by calling Workforce, Business & Community Education at 410-386-8100. Some exceptions may apply and will be noted in the course description.

After the course begins:

Refunds are not awarded after a course has started.

The College reserves the right to cancel courses or make changes due to insufficient enrollment or unforeseen circumstances. In these events, students will be notified via email.

Tuition Assistance

Tuition assistance may be available for eligible Carroll County non-credit students. Contact Beth Rosko Lee at blee@carrollcc.edu or 410-386-8096, or go to www.carrollcc.edu/tuitionassistance.

Continuing Education Training Programs and Employability

Passing a course or program may be the first step toward certification; however, to become employed or to receive state or national certification or licensure, other requirements in addition to training may apply. These may include a high school diploma, legal residency or additional exams. It is the student's responsibility to be aware of those requirements.

Carroll Community College cannot confirm whether a course or workforce certificate program meets requirements for professional licensure in states other than Maryland. If you plan to apply for licensure in a state other than Maryland, contact that state's licensing board to determine whether the College course or training meets requirements for licensure in that state.

Employer Paid Course

Carroll County employers, Maryland State Government agencies, and local governments and municipalities may pay for any continuing education classes for their employees or clients by presenting a purchase order, voucher or letter of authorization for billing, or by paying by credit card or check at the time of registration. Carroll County employers are encouraged to have an In-County Tuition Agreement on file. All other entities are required to remit payment by credit card or check at the time of registration.

Gift Certificates

Gift certificates can be purchased in almost any amount and redeemed for the course of choice. Contact the Cashier's Office at 410-386-8040. Or stop in Monday – Thursday, 8:30 a.m. – 7 p.m. and Friday, 8:30 a.m. – 4:30 p.m.

Certificates may be applied toward the tuition and fees of any continuing education or credit class and may not be converted to cash.

Repeated Courses

Workforce, Business & Community Education wants every student to be successful; however, we recognize that a course or training program may not always be the best match for a student. Thus, the College reserves the right to decline a student registration into any career training course or program where the student has unsuccessfully attempted the same course or training program twice.

Course Textbooks

Textbooks for Continuing Education courses are generally available for purchase in the bookstore approximately one week before your course begins. To determine whether or not a textbook purchase is required, refer to the course description. Students buying textbooks will find specific ordering information such as author, title, edition, ISBN, etc. for each

textbook on the bookstore website (www.carrollcc.edu/bookstore) approximately two weeks prior to the start of the course. Students are encouraged to purchase textbooks from the College bookstore; however, they may also purchase used or new textbooks from other bookstores or online vendors.

Carroll Community College is aware of the high cost of college textbooks. We endeavor to select reasonably priced texts that provide currency, relevance and the most effective presentation of course content.

Non-Credit Course Disclaimer

Courses and class schedule information listed in the Non-Credit Course Schedule, promotional literature and on the College website are subject to change. The College regrets any discrepancies or typographical errors.

Bookstore Hours

Call 410-386-8447 or visit www.carrollcc.edu/bookstore for the most up-to-date information.

The College will be closed on the following dates:

Winter Recess: Dec. 21 – Jan. 3

College Reopens: Jan. 4

Martin Luther King Jr. Holiday: Jan. 16 – 18

Spring Recess: Mar. 21 – 28

Inclement Weather Procedures

Receive information directly to your email or cell phone by registering for the free Campus Emergency Notification System, e2campus. Go to www.carrollcc.edu/alerts to register.

Go to www.carrollcc.edu for closing or late opening information. For more detailed information on non-credit courses and events, call the Inclement Weather line at 410-386-8457.

For college courses held at a Carroll County public school, if Carroll County Public Schools close for the day or during the day, the college courses being held there that evening will be cancelled.

The Canteen Café

Go to www.carrollcc.edu/cafe for most up-to-date information

Disability Support Services

Carroll is committed to providing equal access for all students in accordance with the Americans with Disabilities Act of 1990 (ADA) and related law. Students in need of accommodations should contact the Office of ADA Support Services, located in A101 Admissions, prior to the start of their course or program, or call 410-386-8327 or e-mail jtatela@carrollcc.edu, or refer to the College website's list of Student Services for additional information.

Emergency Rescue Assistance stairwells are located in every building, and the College urges all students to become familiar with these locations.

Electronic Image Use

Because Carroll Community College is a public institution, photographs of students, staff, faculty or visitors in common areas on campus or at public ceremonies or events can be used in printed and electronic public relations materials without their permission. The individual has no privacy rights in this instance and no model's release is required. However, every effort will be made by the photographer to notify individuals within the shoot area so that they may choose to exclude themselves from the photograph.
