Advanced registration is required and space is limited. You must order lunch for the whole week. There are no refunds if lunch is ordered and a child misses camp that day for any reason. Available for purchase on a weekly basis only. No single-day lunches are available. See the full summer menu and details at **carrollcc.edu/summerkids**.

There will be no snack provided throughout the day or after camp. Snacks must be provided from home. Full-day campers should bring an a.m. & p.m. snack.

Parent information and other useful camp forms are available on your child's online dashboard. Their dashboard will show the camp(s) your child is currently registered for, plus important information pertinent to the Kids@Carroll and Teen College programs. Be sure to review our website at carrollcc.edu/summerkids for the most up-to-date information. Watch your email for additional updates so the first day of camp goes smoothly for you and your camper.

Refunds

If your child cannot attend a program and the College is notified at least 10 business days before it begins, we will issue a full refund. For notification with fewer than 10 business days, we will be happy to provide a refund less the camp fees which cover the cost of pre-purchased materials and non-refundable commitments to Partners.

No refunds are given once a camp begins.

The College expects all programs to be presented as scheduled. In the event a program is cancelled, every effort will be made to either place your child in another program of their interest or provide a refund. However, a program could be cancelled due to insufficient enrollment. A decision about cancellation is made 2 weeks before the start date of the camp. You will be contacted by email of cancellations.

Emergencies and Special Needs

Health & Emergency Contact Form
A current Health & Emergency Contact form is required for each participating child by June 1. A new form must be completed each year. Without this completed form on the first day of the program, your child will not be able to participate. Use the form in your child's online dashboard welcome letter or access it online at **carrollcc.edu/summerkids**.

Emergencies
If an emergency occurs, appropriate medical attention will be administered and the person designated on the form will be contacted immediately. A nurse will be on call during the program hours and a person authorized to administer selected medications (with all required forms) and first aid is on duty. The Kids@Carroll website **carrollcc.edu/summerkids** includes instructions about medication forms required for medications dispensed during the program hours.

Special Needs
Summer!Kids@Carroll + Teen College is committed to providing accessible education and a supportive learning environment for all students. To help us meet this goal, after you have registered, please contact our Disability Support Services (410-386-8329) at least four weeks before the start of the earliest camp to inform the College of any physical disabilities or behavioral/social challenges your child has and to arrange for reasonable accommodations. A staff member will contact you to discuss your child's individual needs and determine what reasonable accommodations can be made. Carroll Community College does not provide medical assistants or personal care attendants. Campers are expected to exhibit independence and ability for self-care. Parents are not permitted to attend camp with their child.
