# SYMBOLS OF ACADEMIC TRADITION

## THE COLLEGE SEAL

The Carroll Community College Seal was designed by Dr. Faye Pappalardo, president emerita, and expresses the institution's commitment to assisting our students in developing a solid educational foundation conducive to a lifelong quest for wisdom and truth. The book and quill within the triangle symbolize the importance the College places on communication as the key to an effective focus on intellectual growth.

## THE COLLEGE MACE

The Grand Marshal carries the Mace at the start and end of the ceremony. Originally a weapon of war, the mace over time became a traditional symbol of protection. Today, the academic mace is associated with the dignity of the institution, represents academic authority, and is used ceremonially as a symbol of office. The Carroll Community College Mace, designed by President Dr. James D. Ball, has a walnut wooden handle and a brass flame that represents the thirst for knowledge. The Mace is set with the Carroll Community College Seal engraved into four antique brass medallions that represent the authority of the institution to grant degrees.

## ACADEMIC REGALIA

The various academic gowns and hoods preserve the style of their medieval origin and indicate, by color and design, the degree and institution from which the degree was conferred. Black is the basic color for gowns in the United States. The bachelor's gown is distinguished by its long, open sleeves; the master's by its closed, slit sleeves; and the doctoral by its full sleeves trimmed with velvet. The velvet on the doctoral gown may be black or a color denoting the field in which the degree is being conferred.

Hoods are the most recognizable component of the academic costume. Today, hoods communicate the graduate's school, degree, and field of study through the length of the hood and the colors of the lining and binding. The velvet tam of four, six, or eight corners is indicative of a higher degree. The color of the tassel on the cap is gold, shorter in length, and larger in circumference than other tassels, and is sewn to the edge of the tam. Special robes and hoods are symbols of the rank of the school and president, not of his or her academic credentials.
