ELIGIBILITY AND ENROLLMENT

You and your dependents are eligible to participate in the benefits described in this Benefits Guide.

Who is eligible for benefits?

Employees

Benefits in this guide are available to benefit-eligible employees working at least 30 hours per week.

If you are a new hire, your benefits become effective on the first of the month following date of hire. If hired on first of the month, benefits start that day.

Dependents

In addition to enrolling yourself, you may also enroll any eligible dependents under the medical/prescription, dental, vision, and voluntary life plans. Eligible dependents are defined below.

- **Spouse:** a person to whom you are legally married by ceremony.
- **Dependent Children:** your biological, adopted, or legal dependents up to age 26 regardless of student, financial, and marital status. Dependent coverage terminates at the end of the calendar year (or on the day they attain age 26 for life insurance coverage) in which the dependent ceases to meet the definition of an eligible dependent.

Making Changes

The benefits plan year runs July 1 through June 30. You will not be able to make changes to your elections during the plan year unless you experience a qualified change-in-status event that impacts your eligibility and the change is allowed under the terms of the insurance contract or plan document. If you do not experience a qualified change-in-status event, the elections you make will remain in effect through June 30, 2026.

Qualified change-in-status events are changes in the below:

- Legal marital status, including marriage, death of a spouse, divorce, and annulment
- Number of covered dependents due to birth, death, adoption, granting of legal custodianship, or reaching maximum age for coverage
- Employment for you, your spouse, or your dependent, including commencement of or return from leave of absence, or change in employment status
- Eligibility for other coverage, or loss thereof, due to your spouse's Open Enrollment period, or a loss or gain of benefit eligibility

You must notify the Human Resources Department within 30 days of the change-in-status event in order to make a change to your benefit elections. Documentation supporting the change will be required.

MEDICAL

Important protection to keep you and your family in good health.

Carroll Community College cares about your health and well-being. The health benefits available to you represent a significant component of your compensation package, and they provide important protection to keep you and your family in good health.

Carroll Community College is pleased to offer two choices of medical plans: **Gold** and **Silver** administered through **Cigna**. Both plans allow you to seek care from any provider you choose, but you will receive the greatest benefit when you visit an in-network provider in the **Open Access Plus network**. If you choose to see an out-of-network provider, you may be subject to higher out-of-pocket expenses and balance billing by that provider.

Preventive Care Covered at 100%

Prevention is the best medicine, and Cigna offers a wide range of preventive services to help you and your family lead healthy, productive lives. These services include annual routine examinations, well-child care visits, immunizations, routine OB/GYN visits, mammograms, PAP tests, prostate screenings, birth control, and other services as required by the Affordable Care Act. These preventive services are covered in full when you visit a participating, in-network provider.

Where you receive care matters!

Knowing where to go when you need medical care is key to getting the best treatment with the lowest out-of-pocket costs.

Your Doctor Knows Best

- Your personal physician best understands your health
- Having a personal physician can result in overall better care

But what if you get sick or injured when your doctor's office is closed?

Cigna Members: 24/7 Medical Advice

- Nurse Line: get advice on a diagnosis or where to receive care.
- Cigna Virtual Care: use virtual doctor visits for common, uncomplicated, non-emergency health issues.

Urgent Care Centers

- Urgent care centers are usually open after normal business hours, including evenings and weekends
- Many urgent care centers offer on-site diagnostic tests
- In most situations, you'll find that you save time and money by going to urgent care instead of the Emergency Room

Emergency Room (ER)

- This is the best place for treating severe and life-threatening conditions
- Emergency Rooms provide the most expensive type of care

Need to Locate a Participating Provider?

Visit www.cigna.com (or www.mycigna.com if you're already enrolled). Click on "Find a Doctor, Dentist or Facility" and then "Employer or school." Enter your zip code and select "**Open Access Plus, OA plus, Choice Fund OA Plus.**"

Summary of Benefits and Coverage

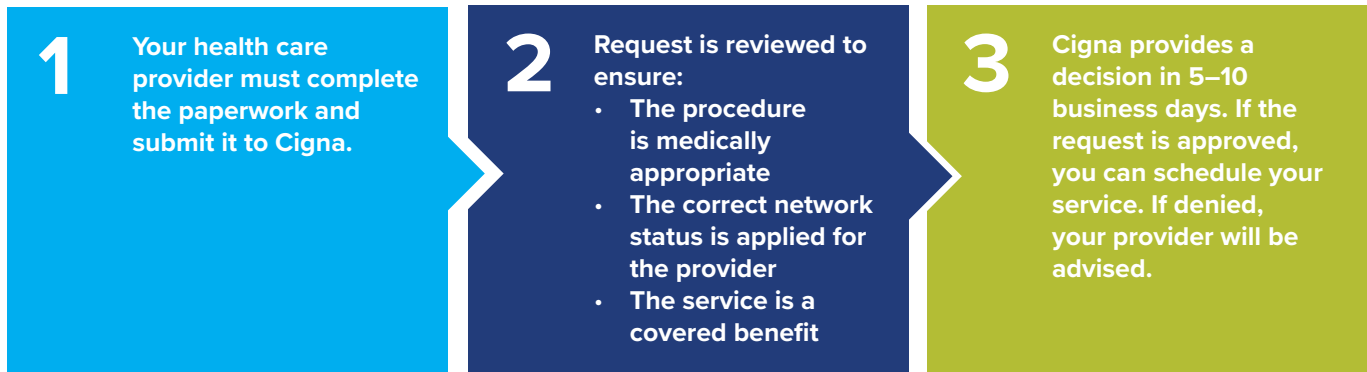

Choosing a health coverage option is an important decision. To help you make an informed choice, a Summary of Benefits and Coverage (SBC), which summarizes important information in a standard format, is available for review. The SBC is located on the Carroll Community College enrollment website at carrollcc.benelogic.com under "resources." A paper copy is also available, free of charge, by contacting Human Resources.

NOTE: The information provided herein regarding various care options is meant to be helpful when you are seeking care and is not intended as medical advice. Only a medical provider can offer medical advice. The choice of provider or place to seek medical treatment belongs entirely to you.

Cigna Prior Authorization

Prior authorization means getting approval before getting care. Your health care provider is responsible for the prior authorization process, unless you decide to use an out-of-network provider, then you assume responsibility. All inpatient hospital admissions require prior authorization. Outpatient services, such as musculoskeletal/pain management (e.g., spinal and epidural injections), medical oncology, private duty nursing, and others will require approval.

The approval process will look like this:

Some examples of prior authorization include the below:

Inpatient Services

All inpatient admissions and non-obstetric observation stays such as:

- Acute hospitals, skilled nursing facilities, rehabilitation facilities, long-term acute care facilities, hospice care, and transfers between inpatient facilities
- Experimental and investigational procedures
- Cosmetic procedures
- Maternity stays longer than 48 hours (vaginal delivery) or 96 hours (Cesarean section)
- Inpatient mental health/substance use disorder in an acute or residential facility (it's the facility's responsibility to obtain precertification)

Outpatient Services

- Certain outpatient surgical procedures
 - Injectable drugs (other than self-injectibles)
 - Durable medical equipment (insulin pumps, specialty wheelchairs, etc.)
 - Home health care/home infusion therapy
 - Dialysis (to direct to a participating facility)
 - External prosthetic appliances
 - Speech therapy
 - Cosmetic or reconstructive procedures
 - Infertility treatment
 - Sleep management
 - Transplants
 - Radiation therapy
 - Musculoskeletal services (major joint surgery and pain management services)
 - Mental health/substance use disorder intensive outpatient programs
 - Mental health/substance use disorder partial hospitalization programs
 - Applied Behavioral Analysis
 - Transcranial Magnetic Stimulation
- Other:
- Unlisted outpatient procedures
 - Experimental and investigational procedures

Cigna Mobile app

The myCigna mobile app gives you an easy way to organize and access your important health information—anytime, anywhere. Download the free app and gain instant access to multiple services.

Choose a Primary Care Provider

Your Primary Care Provider (PCP) is your personal health advocate who coordinates all of your medical care. That includes things like routine physicals, immunizations, medical advice and specialist referrals. He or she knows you and your medical history and that can be very valuable.

**You and each covered family member can select your own PCP.
You can choose from providers practicing in:**

- Internal medicine
- Family medicine
- General practice
- Pediatrics

It's a good idea to meet your PCP before you're sick or injured. They can learn more about you and set up your medical history without waiting for an urgent care situation. If you're due for your annual physical, that's a good first meeting with your PCP. Many in-network preventive care services are covered at 100%.

To select your PCP, start at myCigna.com and click on "Find Care & Costs." Cigna's directory lets you research providers in your area. You can find information about office locations and special services, such as languages spoken. If you have questions or need help, call the number on your ID card.

This chart is intended for comparison purposes only. If there are any discrepancies, the plan document will govern. Plans will not cover out-of-network pharmacy benefits. Some drugs may require pre-certification in order to be covered.

- **Prior Authorization**
 - Certain medications will require approval for coverage. This review process helps make sure you're receiving coverage for the right medication, at the right cost and for the right situation.
- **Quantity Limitations**
 - Certain medications will have a limit to how much you can fill per prescription. Quantity limits help make sure you're receiving coverage for the right amount of medication for the right length of time.
- **Step Therapy**
 - Certain medications will require you to try one or more lower-cost medications first before the higher cost medication will be covered. A medical necessity review is available for approval of a higher-cost drug.

Filling your maintenance medications is easy with Cigna 90 Now!

With Cigna 90 Now, you can choose to fill your medication in a 30 or 90-day supply.

If you choose to fill a 30-day prescription, it can be filled at any network retail pharmacy or through Cigna Home Delivery.

If you choose to fill a 90-day prescription, it must be filled at a network 90 Now pharmacy or through Cigna Home Delivery to be covered by the plan.

For more information about your pharmacy network, visit www.cigna.com/Rx90network.

PRESCRIPTION DRUGS CONTINUED

Express Scripts Pharmacy

Express Scripts Pharmacy, one of the country's largest home delivery pharmacies, is now a Cigna company. Your pharmacists will need to use the BIN, PCN, and Rx Group number on your ID card to access your benefits and process your claim.

Express Scripts Pharmacy is Cigna's home delivery pharmacy. MyCigna.com and the myCigna app will link you to the Express Scripts website for home delivery support. There are two easy ways to place a new order:

1. **Electronically:** For fastest service, ask your doctor's office to send your prescription electronically to Express Scripts Home Delivery, NCPDP 2623735.
2. **By fax:** Have your doctor's office call **1-888-327-9791** to get a fax order form.

For current prescriptions—it's easy to move them to Express Scripts Pharmacy. Just call **1-800-835-3784** and have your doctor's contact information and prescription medication name(s) and dosage(s) ready. Express Scripts Pharmacy will do the rest.

Cigna Specialty Pharmacy Services

Specialty medications are used to treat rare and complex conditions like cancer, multiple sclerosis and rheumatoid arthritis. Employees filling specialty medications will need to fill their prescription using Exclusive Specialty Home Delivery at Cigna Specialty Pharmacy. The use of the dedicated specialty pharmacy helps provide faster time to therapy, earlier opportunity for engagement and no disruption on the second fill—all supporting an overall better customer experience.

Did you know that preventive medications are covered at no cost?

The Patient Protection and Affordable Care Act (PPACA) requires that certain categories of drugs and other products be included in preventive care services coverage. Check your plan materials or visit www.myCigna.com for more information.

SaveOnSP

Specialty medications can cost a lot of money. That's why your plan offers a program called SaveOnSP, which can help lower your out-of-pocket costs to \$0. **If you are taking a specialty prescription through Cigna's Home Delivery program through Accredo you may be eligible to participate in this program. Please keep an eye out for letters mailed to your home, or calls made to you from SaveOnSP, as this means that you are taking a prescription that is part of this program.** A typical SaveOnSP enrollment call lasts 5–15 minutes. SaveOnSP maximizes copay assistance from drug manufacturers for certain specialty medications by reducing your out-of-pocket cost share to \$0. If you receive a letter and/or call from SaveOnSP and don't enroll in the program you will pay a much higher copay for your medication. The average cost of specialty medications is \$2,750, though the amount varies based on the type of medication you are prescribed.

Conditions supported by SaveOnSP include, but are not limited to:

- Hepatitis C
- Inflammatory Bowel Disease
- Oncology
- Multiple Sclerosis
- Rheumatoid Arthritis
- Cystic Fibrosis
- Psoriasis

Out-of-Pocket Adjuster Program

Many people use manufacturer coupons (also called "copay assistance") to help lower the amount of money they pay out-of-pocket for their medications. It's important to know how your plan applies these coupons so you don't have any surprises if you use them when you fill your prescription through Accredo, a Cigna specialty pharmacy. Only the amount you pay out of your own pocket applies to your deductible and out-of-pocket maximum. Keep in mind that using a manufacturer coupon can help you spend less on your prescription. However, it may take you longer to meet your plan's deductible and/or out-of-pocket maximum.

Cigna Dental ID Cards

Enrolled employees can access their digital ID card by logging on to myCigna.com or the myCigna app, under "ID Cards". Physical ID cards can still be requested via myCigna.com.

Under the **Cigna** dental plan, you have the freedom to see any dentist; Cigna PPO providers are considered in-network. If you choose to receive care from an out-of-network (non-participating) dentist, you may be subject to higher out-of-pocket costs and balance billing. The chart highlights your costs for certain service under the plan. For full plan details, please refer to your Cigna plan summary.

Prevention first!

Make sure you take advantage of your preventive dental visits. Preventive care services are not subject to the annual deductible and the plan covers 100 percent of the cost if you visit an in-network provider!

Progressive Maximum

With the progressive maximum benefit feature, you can increase your annual maximum benefit by \$100 each year (for up to four years) by receiving your routine preventive services! If you receive preventive services in plan year one, your maximum benefit of \$2,000 will increase by \$100 for plan year two. If you continue to receive preventive services each year, your maximum benefit will increase by another \$100 each year until plan year four, when you reach the maximum benefit amount of \$2,300. **It is your responsibility to keep track of your annual benefit maximums, to avoid additional incurred expenses.**

*Out-of-Network reimbursement is based on the Usual, Customary, & Reasonable (UCR) rate. UCR pays a percentage of the usual, customary, & reasonable rate in your geographic region. You may be balance billed by out-of-network providers for the difference between the UCR and their actual charge. Customers generally pay less out of pocket with UCR as shown in the example below.

Maximum Allowable Charge (MAC) Example		Usual, Customary, and Reasonable (UCR) Example	
Dentist Charge:	\$509	Dentist Charge:	\$509
Coinsurance:	50%	Coinsurance:	50%
Max Allowable Charge:	\$200	Max Allowable Charge:	\$500
Amount Covered	\$100 coinsurance x MAC	Amount Covered	\$250 coinsurance x UCR

VISION PLAN HIGHLIGHTS

A full range of vision care services through Cigna.

Vision care benefits are available through **Cigna** through the EyeMed network. Your vision plan offers a national network consisting of optometrists, ophthalmologists, and opticians. If you choose to use an out-of-network provider, you will be required to pay that provider at the time of service and submit a claim for reimbursement. The chart highlights your costs and copays in-network, as well as the out-of-network reimbursements that you would get back from the plan.

Did you know your eyes can tell an eye care provider a lot about you?

In addition to eye disease, a routine eye exam can help detect signs of serious health conditions like diabetes and high cholesterol. This is important, since you won't always notice the symptoms yourself, and some of these diseases cause early and irreversible damage.

Healthy Rewards®—Vision Network Savings Program

When you see a Cigna Vision Network Eye Care Professional, you can save 20% (or more) on additional frames and/or lenses, including lens options, with a valid prescription. This savings does not apply to contact lens materials. See your Cigna Vision Network Eye Care Professional for details.

FLEXIBLE SPENDING ACCOUNTS (FSA)

Set aside pre-tax dollars to pay for eligible health care and dependent care expenses.

Flexible Spending Accounts (FSAs) allow you to reduce your taxable income by setting aside pre-tax dollars from each paycheck to pay for eligible out-of-pocket health care and dependent care expenses for you and your family.

There are two types of FSAs: Health Care FSA and Dependent Care FSA. You can elect one or both of these accounts. The FSAs are administered by **Optum Financial**.

All employees who participate in a Flexible Spending Account will receive an Optum Financial Debit Card as a way to pay up front for qualified expenses. You may also pay up front for expenses and get reimbursed at www.optum.com/financial. Remember to keep your receipts, as you may need to verify your debit card purchases for the IRS.

Health Care FSA

Health Care FSAs help you stretch your budget for health care expenses for you and your dependents by allowing you to pay for these expenses using tax-free dollars. You may set aside up to \$3,300 annually in pre-tax dollars, which is deducted from your pay throughout the year. Funds can be used to pay for qualified health expenses such as deductibles, medical and prescription copays, dental expenses, and vision expenses. You can use the FSA for expenses for yourself, your spouse, and your dependent children (regardless of whether or not they are enrolled in your medical plan).

Your annual contribution amount is deposited into your account and is available to you at the beginning of the plan year. As you incur expenses, simply use your debit card to pay for your expenses or submit a claim to be reimbursed at www.optum.com/financial.

Please note that health insurance premiums paid for by an employer plan or for other health insurance coverage are not eligible for reimbursement.

Carryover Provision

When you choose how much to contribute to an FSA, be sure to estimate your expenses carefully. The Health Care FSA has a \$660 carryover feature meaning that any amount of \$660 or less remaining in your account at the end of the plan year will roll over into the new plan year. Any remaining funds over \$660 in a Health Care FSA (and any amount of remaining funds in a Dependent Care FSA) at the end of the plan year will be forfeited. **You will have 90 days after the end of the plan year to submit claims incurred during that year.**

To see examples of items that are generally eligible under FSAs, visit www.irs.gov and look under Publication 502.

Do I need to enroll in the FSA each year?

In order to participate in the FSA, **you must enroll each year**. Your annual contribution stays in effect during the entire plan year (July 1 through June 30). The only time you can change your election is during Open Enrollment or if you experience a qualified change-in-status event.

Will I lose my money if I don't use it in a year?

Any remaining funds over \$660 in a Health Care FSA and any amount left in your Dependent Care FSA at the end of the plan year will be forfeited.

Dependent Care FSA

The Dependent Care FSA allows you to pay for eligible dependent care expenses with tax-free dollars. You may set aside up to \$5,000 annually in pre-tax dollars, or \$2,500 if you are married and file taxes separately from your spouse.

Contributing to a Dependent Care FSA allows you to pay dependent care expenses such as daycare (center or individual daycare), before and after school care, day camp, and elder care.

Eligible expenses include those listed below:

- Care for your dependent child who is under the age of 13 whom you can claim as a dependent for tax purposes
- Care for your dependent child who resides with you and who is physically or mentally incapable of caring for him/herself
- Care for your spouse or parent who is physically or mentally incapable of caring for him/herself

If the situation is educational in nature (e.g. kindergarten), whether full day or half day, public or private, state mandated or voluntary, the expense cannot be reimbursed under the Dependent Care FSA.

When submitting a claim, you can only be reimbursed up to the amount you have contributed to date, less any previous reimbursements. You may only receive reimbursements for services already incurred. An expense is incurred when a service is received, not when a bill is paid. Even though your service provider may require payment at the beginning of the service period, you cannot request reimbursement until after the service is provided. Your dependent care provider must be an individual that you do not claim as a dependent on your tax return.

If you participate in a Dependent Care FSA, you cannot apply the same expenses for a dependent care tax credit when you file your income taxes. Consult your tax advisor for more details on current tax law.

LIFE & DISABILITY INSURANCE

Basic Life and AD&D Insurance

Life insurance helps protect your family from financial risk and sudden loss of income in the event of your death. Accidental death and dismemberment (AD&D) insurance provides an additional benefit if you lose your life, sight, hearing, speech, or limbs in an accident. Life and AD&D Insurance is provided through **New York Life**.

If you work 30 hours or more per week you will receive basic term life insurance in the amount of one-and-a-half times your annual salary up to a maximum benefit of \$50,000—at no cost to you. The basic life insurance plan automatically includes AD&D coverage, which provides protection and additional benefits in the event of your death or dismemberment due to a covered accident occurring on or off the job. If you die as a result of an accident, the AD&D benefit will be equal to your basic life benefit amount. For other covered losses, a percentage of this benefit will be payable. Benefits may be subject to a reduction schedule.

Supplemental Life Coverage

You may purchase additional life and AD&D insurance for yourself, your spouse, and/or your dependent children through **New York Life**. Participation is voluntary, and premiums are **paid by you. You must elect coverage for yourself in order to purchase coverage for your spouse and/or dependent children.**

Evidence of Insurability (EOI)

Cigna requires you to show that you are in good health before they will agree to provide certain levels of coverage. This is called “Evidence of Insurability (EOI).” You will need to provide EOI when you increase your coverage after your initial election, waive coverage when you are initially eligible and enroll for the first time at a later date, or select coverage of any amount over the guaranteed issue (\$100,000 for employees/\$20,000 for spouses). Coverage that requires EOI will not be in effect until you receive approval from the insurance company.

- EOI is required if you elect a life insurance benefit greater than \$100,000

Long-Term Disability

Disability Insurance is designed to protect your income in case you are unable to work due to an illness or non-work-related injury. Long-term disability (LTD) insurance provides coverage in the event of an extended illness or injury, and is offered through **New York Life**. Premiums are **paid 100% by you.**

- 60% of basic monthly earnings up to a maximum benefit of \$8,000 per month
- Benefits payable once you are disabled and under a physician’s care for three months
- If you enroll as a new hire, no Evidence of Insurability necessary—late entrants required to complete Evidence of Insurability.

Don’t forget to designate a beneficiary!

Choosing who will receive your life insurance benefit is an important decision. Please make sure your beneficiary information is up-to-date.

Employee and Spouse Supplemental Life Monthly Rates per \$1,000 of Coverage

Child Rate per \$10,000: \$1.32

Pre-existing conditions

Disability payments are not payable for a disability caused by a pre-existing condition, which is an injury or illness for which you have consulted a doctor or received treatment during the three months prior to the effective date of coverage. A condition will no longer be considered pre-existing if it causes a disability after you have been enrolled in the long-term disability plan for at least 12 consecutive months.

Maryland State Retirement "Teacher's" Pension System (MSRPS)

The Maryland State Retirement "Teacher's" Pension System is a defined benefit plan that guarantees a particular benefit at retirement, based on a formula that considers service and salary. This program requires a 7% contribution on the employee's part. The State contribution to the MSRPS is determined annually by the State Pension Systems' actuary. Vesting occurs after ten years of employment for any employee who started after July 1, 2011. Legislation requires that employees enroll in MSRPS if they had a previous membership with an employing institution that participated in the MSRPS.

For more information, click on the link to <https://sra.maryland.gov/>.

REQUIRED FEDERAL NOTICES

Women's Health and Cancer Rights Act of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). WHCRA requires group health plans and their insurance companies and HMOs to provide certain benefits for mastectomy patients who elect breast reconstruction. For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

Breast reconstruction benefits are subject to deductibles and coinsurance limitations that are consistent with those established for medical and surgical benefits under the plan.

Health Insurance Portability and Accountability Act (HIPAA)

This group health plan complies with the privacy requirement for Protected Health Information (PHI) under HIPAA. A copy of the Notice of Privacy Practices is available from the insurance carriers for medical, dental, and vision insurance. A copy of the Notice of Privacy Practices for the Health Care Flexible Spending Account is available from Human Resources.

Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a caesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours if applicable).

Special Enrollment Rights

If you are declining enrollment for yourself, or your dependents (including your spouse) because of other health insurance or other group health plan coverage, you may be able to enroll yourself and/or your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' coverage). However, you must request enrollment within 30 days after your previous coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your dependents in this plan, provided that you request enrollment within 30 days of the marriage, birth, adoption, or placement for adoption.

If you or your dependent lose eligibility for coverage under Medicaid or a State child health plan or if you or your dependent become eligible for State-sponsored premium assistance for the medical plan, you may be able to enroll yourself and/or your dependents in this plan if you request enrollment within 60 days of the date of termination of Medicaid or State child health plan coverage or your eligibility for premium assistance.

This notice has information about your current prescription drug coverage with Carroll Community College and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Carroll Community College has determined that the prescription drug coverage offered by Carroll Community College is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15 through December 7.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current coverage with Carroll Community College will not be affected. You can keep this coverage if you join a Medicare drug plan and this plan will coordinate with your Medicare drug coverage. Your current coverage pays for other health expenses in addition to prescription drugs. If you enroll in a Medicare prescription drug plan, you and your eligible dependents will still be eligible to receive all of your current health and prescription drug benefits.

If you do decide to join a Medicare drug plan and drop your medical and prescription drug coverage through Carroll Community College, be aware that you and your dependents will not be able to get this coverage back until the next open enrollment period.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Carroll Community College and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2024. Contact your State for more information on eligibility
