

Driver Safety

Driver Safety, as it relates to College owned, leased, or rental vehicles, and personal use vehicles, is addressed in the “Vehicle Use Regulations Including Rentals” procedure on the College’s Administrative Procedures Manual located on the portal at the following link.*

<https://carrollcc.sharepoint.com/Departments/Administration/AdminProcMan/Pages/Vehicle-Use-Regulations-Including-Rentals.aspx>

These regulations apply to all drivers (both employee and student) of Carroll Community College owned, leased, rented, or personal vehicles; have been approved by the College’s Board of Trustees; are College Policy; and establish safety practices and set standards to reduce the risk of incident and injury.

*Student drivers without access to the College portal should be given a paper copy of the regulations by their faculty or staff advisor.
