

Associate-to-Bachelor's (ATB) Degree Completion Option – ATB 2.0: **Carroll Community College & Towson University**

General Information for the Primarily Online/Hybrid Model – Summer Start

I. General Program Information

This dual enrollment option is available to eligible students after their first year in the Carroll Community College Nursing Program. Admission is competitive and based on completed courses, grade point average (GPA), and professional conduct during year one in the Carroll CC Nursing Program. Students will be dually enrolled as degree-seeking students at both Carroll CC and Towson University (TU). ATB 2.0 students begin their TU courses in the summer term following year one of the Carroll CC nursing program. Once they earn the Associate of Science (A.S.) degree at Carroll CC, students must pass the NCLEX-RN licensure exam and receive their RN license to continue with their remaining coursework at TU to complete the Bachelor of Science (B.S.) degree.

Up to 80% of the TU curriculum may be completed online. The first course (NURS 349) and the practicum in the final term (NURS 489) require an in-person component. Other courses are typically offered online; the availability of in-person or hybrid course formats may vary depending on student interest and enrollment.

The ATB program requires year-round attendance, including summer and winter sessions, and takes approximately 2.5 years to complete. It is designed so that students can complete the bachelor's degree in approximately one year after completion of the associate degree. Students also have the flexibility to extend their plan of study after completion of the A.S. degree based on work and personal time constraints. Carroll CC courses will be held at the Carroll CC campus in Westminster, MD. TU courses will be taken online or at the main TU campus in Towson, MD.

Two degrees will be awarded: A.S. from Carroll CC and B.S. from TU. Students must meet all program and degree requirements at both institutions to receive the respective degrees. Advisors will be available at both schools.

II. Program Admission Requirements

- A. Completion of the first year of nursing course work at Carroll CC
- B. GPA of 3.0 or higher and demonstrated professional conduct in Year 1 of Carroll CC nursing courses
- C. Completion of additional required courses by the start of the TU ATB program with a C (2.0) or better:
 - Chemistry (CHEM 101) – 4 credits (must include a lab)
 - Nutrition (BIOL 220) – 3 credits

III. General Application Procedures

Students must apply to the TU ATB option by the program's deadline. Students who are admitted to the TU ATB option must also apply to Towson University in order to enroll in classes. The TU Department of Nursing will provide instructions to apply to and enroll at the university if admission is offered. Applicants should not apply to TU until given instructions to do so by the TU Department of Nursing.

Applying to TU ATB

Students must apply and submit all required materials by the deadline to be considered for ATB admission. Applications may be accepted after the deadline depending on space availability and remaining time until the summer term begins.

Application Deadline:

- Summer Start – April 1st

Official transcripts are not due by April 1st, but they should be requested at the same time as applying to ensure timely application processing.

Required Materials:

1. NursingCAS Program Application: *Associate-to-Bachelor's (ATB) – ATB 2.0* – <https://nursingcas.liaisoncas.org/apply/>
2. Official transcripts from all colleges/universities attended submitted directly to NursingCAS

For full instructions to complete the NursingCAS application, visit the TU website:

<https://www.towson.edu/chp/departments/nursing/undergrad/degree-options/associate-to-bs/admissions.html>.

Admission Decisions

The Carroll CC and TU Nursing Departments will review completed applications for acceptance into the ATB option. Students will be notified by either email and/or letter with their admission decision. Any offer of admission given will be contingent upon successful completion of currently enrolled nursing courses at Carroll CC. Students will be required to submit an updated transcript after the completion of the spring term to verify their nursing grades.

IV. Tuition, Fees, and Financial Aid

Students will be charged tuition and fees based on the policies of each institution. Tuition and fees are subject to change each academic year. If students are using financial aid, it will be processed through the TU Financial Aid Office based on the total enrollment at both institutions. For the purposes of tuition and financial aid, students must be aware that the ATB plan of study involves part-time enrollment (less than 12 credits) for the majority of the program. More information is available online:

- Carroll CC tuition and fees: <https://www.carrollcc.edu/admissions-aid/costs-scholarships-aid/>
- TU tuition and fees: <https://www.towson.edu/student-university-billing/tuition/>
- TU financial aid information: <https://www.towson.edu/admissions/financialaid/>

V. Non-Nursing Course Requirements

Requirements for the Carroll CC Associate Degree RN Program			Additional Requirements for Admission to the TU Associate-to- Bachelor’s Option		Additional Non-Nursing TU Requirements to Award the Bachelor of Science in Nursing	
ENGL 101	College Writing I	3 cr	CHEM 101 Intro to Chemistry	4 cr	Upper-level healthcare ethics	3 cr
ENGL 102	College Writing II	3 cr	BIOL 220 Nutrition	3 cr	Upper-level elective	3 cr
BIOL 101	Fundamentals of Biol 1	4 cr				
BIOL 210	A&P I	4 cr	Courses in this column can be taken at Carroll CC. All prerequisites must be completed with a C (2.0) or higher.		These courses are not required for admission to ATB. They will be taken at TU during ATB. Students who have already taken an ethics course can take any upper-level elective. Healthcare-related courses are strongly encouraged. Course selection will be made with your TU ATB advisor.	
BIOL 211	A&P II	4 cr				
BIOL 215	Microbiology	4 cr				
MATH 115	Intro to Stat Methods	4 cr				
PSYC 101	Intro to Psychology	3 cr				
SOCI 101	Intro to Sociology	3 cr				
PSYC 210	Hum Growth & Dev	3 cr				
ELECTIVE	Communication OR Arts	3 cr				
Totals:	38 credits		7 credits		6 credits	

V. ATB Program Progression

Students are required to meet regularly with their TU advisor to review their degree plan. Students must follow the TU ATB plan of study, which accounts for factors such as when courses are typically offered and course prerequisite sequences. They may consider taking the upper-level electives in another term only after meeting with their TU advisor.

The completion of the final courses of the ATB curriculum outlined in the plan of study requires successful completion of the A.S. degree and/or active RN licensure. Enrollment in NURS 476, NURS 484, and NURS 489 requires the completion of the A.S. degree. NURS 489 also requires RN licensure and completion of all other courses in ATB curriculum courses (with the exception of NURS 476, NURS 484, and upper-level electives which may be taken concurrently).

VI. Contact Information

- Carroll CC – Contact the ATB Coordinator Professor Tammy Keller at tkeller@carrollcc.edu or 410-386-8263
- Towson University – Contact the Academic Program Manager at nursingdco@towson.edu or 410-704-4170

Disclaimer: Faculty at both Carroll CC and TU reserve the right to update curriculum plans in response to criteria set forth by accreditation bodies, best practices in nursing education, and the evolving needs of the health care system. The TU plan of study may be adjusted based on course availability and student enrollment needs.

Course Format Key

The letter behind a course title indicates that it can be offered in that format. Listing of multiple formats is not a guarantee that all formats will be available in a given term. Course format availability may vary depending on department resources and student enrollment needs.

- **Face-to-Face (F)** = 50% or more of the classroom activities are completed in an in-person classroom setting
- **Hybrid (H)** = 50% or more of classroom activities are completed in an online setting
- **Online (O)** = all class activities are completed in the online format
